## FROM THE PRINCIPAL

Dear Parents and Community Members,

The Oregon State Report Card is a summary of Alder Elementary School's academic achievement and growth for the 2015-16 school year.

Alder staff is working hard to meet the needs of each and every child. Through full inclusion, teacher push in supports, and a systematic behavior plan, Alder is making gains across the board. This hard work from students and staff has paid off in our significant growth on the state Smarter Balanced Assessments. In addition, the district has adopted a new math curriculum, Bridges Math, which is tied directly to the Common Core State Standards. The teachers at Alder are excited for the possibilities of Bridges Math to help students improve their math skills. We are working closely with the district to develop and implement Bridges Math effectively, similar to

the literacy framework we've used for 3 years, to assist teachers in planning and delivering effective instruction. A primary focus of our school's efforts this year is on school climate. We know that a positive learning environment is critical to academic success. We are working to reduce behavioral incidents through a focus on inclusion and development of a positive school community. Our goal is on high quality instruction at all levels and to provide academic and behavioral supports for every child. We look forward to working with you to ensure your child's success at Alder.

Thank you,

Principal | Michael Clutter
