Year-to-year progress in English language arts and mathematics.

Academic Success

ENGLISH LANGUAGE ARTS

Students meeting state grade-level expectations.

MATHEMATICS

Students meeting state grade-level expectations.

SCIENCE

Students meeting state grade-level expectations.

School Goals

Alder staff is working hard to meet the needs of each and every child. Through full inclusion, teacher push in supports and a systematic behavior plan, Alder is making gains across the board. This hard work from students and staff pays off in our growth gains on the state's OSAS ELA and Math assessments. The teachers at Alder are excited to help students improve their math skills and literacy skills as the students move up in grades.

State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our primary focus on school climate to create a positive learning environment critical to academic success was fruitful. We worked to reduce behavioral incidents through a focus on inclusion and development of a positive school community. Our goal is to provide high quality instruction at all levels and to provide academic and behavioral supports for every child.
