

August 29, 2017

Welcome back, staff and students!

Construction is well underway on our new school. Here is some information as you return from summer:

- **Parent drop-off/pick-up** is in front of the gym, the same as the end of last school year. The contractor will be constructing sheltered areas for inclement weather.
- **Bus drop-off and pick-up** are in the same areas as the end of last school year.
- **Periodic lane closures will occur on Depot St.** this fall as work is done in the right-of-way. Please be aware of construction workers crossing the street.
- **Interactive play equipment** will be available at the end of September for use in the temporary playground and in the gym during inclement weather.

Este volante incluye información sobre la construcción en su escuela. Si necesita más información, comuníquese con la oficina de la escuela.

Эта листовка включает в себя информацию о строительстве в вашей школе. Если вам нужна дополнительная информация, обратитесь в школьный офис
