

August 2018

Dear Fairview community,

We're looking forward to school starting in the new building! All major parts of the school, including building interiors, will be complete when students return. Some exterior areas, including parking lots, are still being finalized. While outdoor areas are being completed, a construction fence will encircle areas still under construction. *See diagram below.*

Pick-up/drop-off locations

Parent pick-up and drop-off will take place on 1st Street near the parking lot at the southeast corner of the school. Cars should travel east along Depot Street to enter the line. Buses will load along Main Street, traveling west. *See diagram below.*

Thanks for your patience

Thank you for your patience during construction as we finalize the new school!

NEW FAIRVIEW ELEMENTARY SITE PLAN
