

June 2018

Dear Reynolds community,

Now that the school year has wrapped up, construction is moving into the final stretch. There's a lot to do before renovations are fully complete for the new school next year!

Summer work

This summer, crews will take advantage of the empty building to finish some of the larger parts of the renovation process. This will include completing work on the brand new student commons area, a wing of new classrooms, and expanded kitchen and culinary facilities.

Registration and celebration event

If you are interested in learning about and touring the new parts of the school, please join us for the Renovation Celebration on Thursday, August 23 from 6:00 p.m.–7:00 p.m. All community members are welcome!

Thanks for your patience

Thank you for your patience during construction. We are excited to welcome students to the fully renovated school in September!
