An aerial photograph of Wilkes Elementary school and its surrounding area. The school building is a large, multi-winged structure with a mix of white, blue, and red siding. It is surrounded by a parking lot with several cars and a few small buildings. To the left of the school is a large industrial building with a white roof. To the right is a residential street with houses and a row of small, white, single-story buildings. In the background, there is a large parking lot filled with many white delivery trucks, some of which are labeled "Albertsons" and "Safeway". The ground is covered in a light layer of snow, and the overall scene is captured from a high angle, looking south.
