School Goals

Davis is a culturally diverse school that embraces student growth and achievement through community partnerships, culturally responsive teaching practices, social emotional learning, and highly dedicated staff and family members. Davis is committed to show respect, build relationships, and practice rigor with each and every student to ensure student success. Together, we create specific school priorities to address the explicit needs of students, staff, and community to ensure academic achievement.

State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by including bilingual staff in our school office. All communication sent home through mail, phone, or text is translated for easy access. Interpreters are provided for parent conferences and other school meetings where parents are present.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of our students, our school participates in PBIS (Positive Behavior Interventions & Support). This program works with students, our counselor, school staff, and parents on a case-by-case basis to address conflict between students and to provide counseling for harassment. We also use a program called Kimochis in order to address the social and emotional needs of all students.

We have yearly training and discussion opportunities to help staff recognize bullying and harassment and provide strategies for intervention.
