The Executive Summary presents a comprehensive summary of required information from each section of the budget and could be presented separately from the budget document and still present a complete representation of the entity.

The primary purpose of this document is to provide timely and useful information concerning the past, current and projected financial status of the District to facilitate financial decisions that support the educational goals of the District.

This budget document is the primary document used to present the financial plan of the District and to inform the reader about demographics and operations of the District. The document was prepared in the format necessary to meet the requirements of the Association of School Business Officials International (ASBO) Meritorious Budget Award Program. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

We are pleased to present the 2022-23 budget for Reynolds School District #7. The budget has been prepared in accordance with state regulations, local budget law and policies covering the required twelve-month period from July 1 through June 30.

2022-2023 Budget Message

Dear Reynolds School District Budget Committee Members:

I would like to thank all staff, families, Board members, and community members who attended our budget priority input sessions in virtual meetings or through the online recording and survey last fall. Your participation provided valuable input and guidance for the School Board as they developed priorities for the 2022-2023 budget process. On December 8, 2021, the Board deliberated through the results of those input sessions to develop and approve their budget focus priorities for the coming school year. This process led to a 2022-2023 District Budget designed to meet the overall needs of the students in Reynold School District by focusing overall on **Academics** as the highest priority while focusing on the prioritized community input themes of: **Arts/Music/Sports, Mental Health Support, Staff Diversity and Cultural Training, Class Size, and Parent Engagement**. I would like to thank the Reynolds School District Board of Directors for providing administrative staff with direction on these budget focus themes, which are used to reach our student achievement and equity goals.

The **2021-2026 Reynolds School District Strategic Plan**, adopted by the Board in February 2021, continues to be our guide and provided the Board and administration with the four goal topics with which to focus budget decisions using the designated themes for the 2022-2023 school year. These four goal topics include:

Marginalized Students, Culturally Responsive Teaching, Student and Staff Wellness, and Professional Development. Moving further into the Strategic Plan, administration has a focus on the strategic priorities of **Literacy, Multi-Lingual Education, and Special Education**. These strategic priorities allow administration to focus budget decisions using the board-adopted prioritized community input themes in alignment with already-adopted strategic plan goals.

The intent of the Reynolds School District budget message is to provide a summary of the proposed budget and how this budget differs from the prior year. In developing this budget, our focus continues to be on the District's mission and vision.

Mission

We lead with equity to educate and support all students to graduate with the skills and confidence to thrive.

Vision

As a community, we prepare lifelong-learners to achieve their full potential in a complex and interconnected world.

I look forward to working with our Budget Committee to discuss and approve the proposed budget as submitted by the District Budget Officer or subsequently revised by the Committee. An approved budget allows for the Superintendent of Schools and the School Board to move forward with all personnel decisions. It is ultimately our duty to verify excellence in programs and services to ensure every student receives a quality foundation in their academic development.

As this is the second year of the biennium where the Oregon legislature approved a \$9.3 billion with a 49/51 split, we are entering FY22-23 knowing the amount we will receive from the state. **Our initial roll-up expenses for the 2022-2023 school year exceed the State School Fund Budget and District reserves by approximately \$10 million.** The Budget Team has spent countless hours reevaluating costs, verifying estimates, and collaborating with stakeholders to reduce costs in the roll-up budget to propose this balanced budget. To develop a balanced budget with the understanding that it creates a funding gap, we propose utilizing extra savings reflected in our ending fund balance for 2022-2023 as a one-time source of funds. While these funds could and should be used to expand services or complete one-time purchases or improvements, we find ourselves in a situation to use reserves while still implementing needed services that support student achievement in the coming budget year.

These necessary supports and services were determined by utilizing the board-approved budget focus priorities for 2022-2023 and include:

- All Funds:
 - Staffing Status Quo – no reductions in staffing
 - Increase Utility costs by 5%
 - Increase Property Casualty Insurance by 10%
- Students Investment Account (SIA)
 - Continue to support small Class Sizes
 - MTSS TOSAs (Multi-Tier Systems of Support Teachers on Special Assignment)
 - Culturally Responsive Curriculum
 - Elementary Media Specialists
 - Professional Development
 - Assistant Principals
- ESSER II (HEROES)
 - 2022-23 Balance of the Year Teachers (Middle School and High School)
 - 2022-23 Balance of the Year Technology
 - Move Licensed Subs from General Fund
 - Move Classified Subs from General Fund
 - Move Capital Projects from General Fund
 - Move General Education Teachers from Title

- Student Technology Replacement
- Staff Technology
- Classroom Technology

As we move forward now and with future fiscal development, we strive to maintain quality and excellence within our programs and services to ensure students graduating from Reynolds School District are prepared for a complex and interconnected world. I am continually appreciative of the support, participation, and viable solutions provided by the community, families, district staff, and school board members as we all share this common vision. The proposed budget is both educationally sound and fiscally responsible, and I invite you to review, discuss, and approve this budget for the 2022-2023 school year.

If you have any questions, you may contact me via email or phone. Thank you for your continued support.

Respectfully,

Mensaje de presupuesto del 2022-2023

Estimados miembros del Comité Presupuestario del Distrito Escolar de Reynolds:

Me gustaría agradecer a todo el personal, las familias, los miembros de la Junta, y a los miembros de la comunidad que estuvieron presentes en nuestras sesiones de información prioritarias sobre el presupuesto durante nuestras reuniones virtuales o a través de la grabación en internet y la encuesta el otoño pasado, su participación ofreció información de gran valor y guía para la Junta Escolar para desarrollar prioridades para el proceso presupuestario del 2022-2023. El 8 de diciembre del 2021, la Junta deliberó a través de los resultados de esas sesiones de recogida de información, desarrollar y aprobar sus prioridades enfocadas en el presupuesto para el año próximo. Este proceso llevó un Presupuesto del Distrito para el año 2022-2023 diseñado para alcanzar las necesidades generales de los estudiantes en el Distrito Escolar Reynolds enfocándose en general en las áreas **Académicas** como la mayor prioridad mientras se centra en los temas de información priorizados por la comunidad: **Artes/Música/Deportes, Apoyo a la salud mental, Diversidad del personal y entrenamiento cultural, tamaño de los salones de clases y participación de los padres.** Me gustaría agradecer a la Junta de Directores del Distrito de Reynolds por dar dirección al personal administrativo durante estos temas enfocados en el presupuesto, que se son usados para alcanzar los logros de los estudiantes y los objetivos de igualdad.

El Plan Estratégico de Distrito Escolar de Reynolds del 2021-2026, adoptado por la Junta en febrero 2021, continúa siendo nuestra guía y ofreció a la Junta y a la Administración los 4 temas objetivo en los que enfocar las decisiones sobre el presupuesto usando los temas designados para el año escolar 2022-2023. Estos 4 temas objetivo incluyen: **Estudiantes marginalizados, Educación culturalmente sensible, Bienestar de los estudiantes y maestros y Desarrollo profesional.** Avanzando sobre el Plan Estratégico, la administración tiene un enfoque en las prioridades estratégicas de **Alfabetización, Educación Multilingüística y Educación Especial.** Estas prioridades estratégicas permiten a la administración enfocar las decisiones presupuestarias usando los temas de información comunitaria priorizada adoptadas por la Junta alineadas con los objetivos del plan estratégico ya adoptados.

La intención del mensaje presupuestario del Distrito Escolar de Reynolds es ofrecer un resumen del presupuesto propuesto y de cómo este presupuesto se diferencia del del año anterior. Al desarrollar este presupuesto, nuestro enfoque continúa siendo en la misión y visión del Distrito.

La Misión

Lideramos con igualdad para educar y apoyar a todos los estudiantes para que se gradúen con las habilidades y la confianza para prosperar

La Visión

Como comunidad, hacemos que los aprendices para toda la vida alcancen su potencial completo en un mundo complejo e interconectado.

Espero trabajar con nuestro Comité Presupuestario para discutir y aprobar el presupuesto según ha sido entregado por el Director Financiero. Un presupuesto aprobado permite al Superintendente de las escuelas y de la Junta Escolar avanzar con todas las decisiones de personal, es finalmente nuestro deber verificar la excelencia en los programas y los servicios para asegurarnos de que todos los estudiantes reciben una base de calidad en su desarrollo académico.

Como este es el segundo año del bienio en el que la ley de Oregón ha aprobado una cantidad de \$9.300 millones con una partición de 49/51 estamos entrando en el año FY22-23 sabiendo la cantidad que recibiremos del estado. **Nuestros gastos iniciales acumulados para el año escolar 2022-2023 sobre pasaron los Fondos del Presupuesto Estatal Escolar y las reservas del Distrito en aproximadamente \$10 millones.** El Equipo Presupuestario ha pasado incontables horas reevaluando los costes, verificando los estimados y colaborando con los accionistas para reducir los costes en el presupuesto acumulado para proponer este presupuesto equilibrado. Para desarrollar un presupuesto equilibrado con el entendimiento de que crea un vacío de fondos, proponemos utilizar los ahorros extra reflejados en nuestros fondos de balance a término para el año 2022-2023 como recurso de fondos de una única utilización. Mientras que estos fondos podrían y deberían ser usados para expandir los servicios o para completar compras o mejoras únicas, nos encontramos en una situación para usar las reservas mientras todavía implementamos los servicios necesarios de apoyo al rendimiento de los estudiantes el próximo presupuesto anual.

Estos apoyos y servicios necesarios fueron determinados utilizando el presupuesto enfocado en las prioridades aprobado por la Junta para el año 2022-2023 e incluyen:

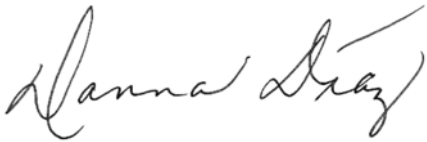

- Todos los fondos:
 - Status Quo en la dotación de personal – no reducciones en personal
 - Aumento en el coste de servicios 5%
 - Aumento en el Seguro de Baja de Propiedad en un 10%
- Cuenta de Inversión Estudiantil (Students Investment Account (SIA))
 - Continuidad en el apoyo al tamaño pequeño de los salones de clase
 - Sistemas multi-nivel de apoyo a los maestros en servicio especial MTSS TOSAs (Multi-Tier Systems of Support Teachers on Special Assignment)
 - Consejeros y trabajadores sociales
 - Currículo culturalmente sensible
 - Especialistas de medios en primaria
 - Desarrollo profesional
 - Directores Asistentes

- ESSER II (HEROES)
 - 2022-23 Balance del año, maestros (escuela secundaria y preparatoria)
 - 2022-23 Balance del año, tecnología
 - Mover substitutos licenciados de los fondos generales
 - Mover los substitutos clasificados de los fondos generales
 - Mover los proyectos de capital de los fondos generales
 - Mover los maestros de educación general de Título
 - Reemplazo de la tecnología para los estudiantes
 - Tecnología para el personal
 - Tecnología para el salón de clases

Según avanzamos ahora y con el desarrollo fiscal futuro, nos esforzamos en mantener la calidad y la excelencia dentro de nuestros programas y servicios para asegurar que los estudiantes que se gradúan del Distrito Escolar de Reynolds están preparados para un mundo complejo e interconectado. Estoy continuamente agradecido por el apoyo, la participación, y las soluciones viables ofrecidas por la comunidad, las familias, el personal del distrito, y los miembros de la junta escolar mientras compartimos esta visión en común. El presupuesto propuesto es tanto profundamente educativo como fiscalmente responsable, y les invito a que lo revisen, lo discutan y aprueben ese presupuesto para el año escolar 2022-2023.

Si tiene preguntas puede ponerse en contacto conmigo vía email o teléfono. Gracias por su apoyo continuado.

Respetuosamente,

Dr. Danna Diaz, Superintendente Escolar
Distrito Escolar de Reynolds #7

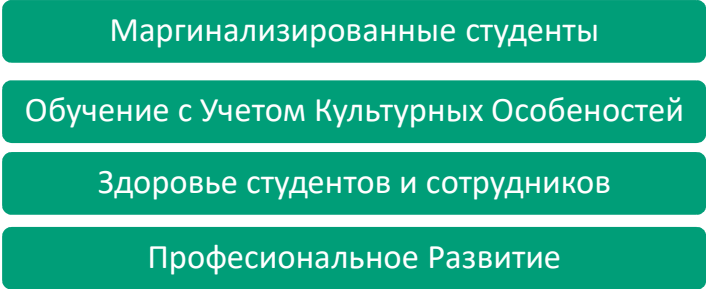

2022-2023 Сообщение о Бюджете

Уважаемые члены бюджетного комитета школьного округа Reynolds:

Я хотел бы поблагодарить всех сотрудников, семьи, членов совета и членов сообщества, которые присутствовали на наших сессиях по бюджетному приоритету на виртуальных встречах или через онлайн-запись и опрос прошлой осенью. Ваше участие внесло ценный вклад и послужило руководством для Членов Школьного совета при разработке приоритетов для бюджетного процесса на 2022–2023 года. 8 декабря 2021 года совет обсудил результаты этих входных сессий, чтобы разработать и утвердить свои приоритеты бюджетной направленности на предстоящий учебный год. Этот процесс привел к созданию Бюджета школьного Округа на 2022–2023 год, предназначенного для удовлетворения общих потребностей учащихся в школьном округе Рейнольд, сосредоточив внимание в целом на **академических кругах** в качестве наивысшего приоритета, уделяя особое внимание приоритетным темам вклада сообщества: **Искусство / музыка / спорт, поддержка психического здоровья, разнообразие персонала и культурная подготовка, размер класса и участие родителей**. Я хотел бы поблагодарить Совет директоров школьного округа Рейнольд за предоставление административному персоналу указаний по этим основным темам бюджета, которые используются для достижения наших целей успеваемости учащихся и справедливости.

Стратегический план школьного округа Рейнольд на 2021–2026 год, принятый советом директоров в феврале 2021 года, продолжает оставаться нашим руководством и предоставил совету и администрации четыре целевые темы, на которых можно сосредоточить бюджетные решения с использованием обозначенных тем на 2022-2023 учебный год. Эти четыре целевые темы включают в себя: **маргинализованные студенты, культурно отзывчивое обучение, благополучие студентов и сотрудников и профессиональное развитие**. Продвигаясь дальше в Стратегическом плане, администрация сосредоточилась на стратегических приоритетах **грамотности, многоязычного образования и специального образования**. Эти стратегические приоритеты позволяют администрации концентрироваться на бюджетные решения, используя утвержденные советом приоритетные темы вклада общин в соответствии с уже принятыми целями стратегического плана.

Миссия

Мы руководствуемся принципами справедливости, чтобы обучать и поддерживать всех студентов, чтобы они получили навыки и уверенность в своих силах, чтобы преуспеть.

Видения

Как сообщество, мы готовим учащихся на протяжении всей жизни к полной реализации своего потенциала в сложном и взаимосвязанном мире.

Цель бюджетного сообщения школьного округа Рейнольд состоит в том, чтобы представить резюме предлагаемого бюджета и то, чем этот бюджет отличается от предыдущего года. При разработке этого бюджета наше внимание по-прежнему сосредоточено на миссии и видении округа.

Я рассчитываю на сотрудничество с нашим Бюджетным комитетом в деле обсуждения и утверждения предлагаемого бюджета, представленного Главным сотрудником по финансовым вопросам. Утвержденный бюджет позволяет Директору школ и Школьному совету продвигаться вперед со всеми кадровыми решениями. В конечном счете наш долг - проверить превосходство в программах и услугах, чтобы каждый студент получил качественную основу в своем академическом развитии.

Поскольку это второй год двухлетнего периода, когда законодательный орган штата Орегон одобрил 9,3 миллиарда долларов с разделением 49/51, мы вступаем в 22–23 финансовый год, зная сумму, которую мы получим от штата. **Наши первоначальные сводные расходы на 2022–2023 учебный год превышают бюджет Государственного школьного фонда и резервы округа примерно на 4 миллиона долларов.** Группа по бюджету потратила бесчисленные часы на переоценку расходов, проверку смет и сотрудничество с заинтересованными сторонами в целях сокращения расходов в сводном бюджете, чтобы предложить этот сбалансированный бюджет. Для разработки сбалансированного бюджета с пониманием того, что он создает дефицит финансирования, мы предлагаем использовать дополнительную экономию, отраженную в нашем конечном остатке средств на 2022–2023 год, в качестве единовременного источника средств. Хотя эти средства могут и должны быть использованы для расширения услуг или завершения разовых покупок или улучшений, мы оказываемся в ситуации использования резервов, все еще внедряя необходимые услуги, которые поддерживают результаты студентов в предстоящем бюджетном году.

Эти необходимые поддержки и услуги были определены с использованием утвержденных Советом приоритетов бюджета на 2022–2023 годы и включают:

Все фонды:

- Кадровый статус-кво – никаких сокращений в штатном расписании
- Увеличение расходов на коммунальные услуги на 5%
- Увеличить страхование имущества от несчастных случаев на 10%

Студенческий инвестиционный счет (SIA)

- Продолжайте поддерживать небольшие размеры классов
- ТОСА МТСС (Разнообразные системы поддержки учителей по специальному заданию)
- Консультанты и социальные работники
- Учебная программа, учитывающая культурные особенности

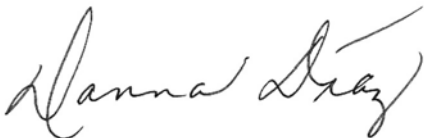

- Специалисты Библиотекари начальной школы
- Профессиональное развитие
- Помощники директора (заучи)

- ESSER II (ГЕРОИ)
 - 2022–23 Баланс учителей года (средняя и старшая школа)
 - 2022–23 Баланс года Технологии
 - Перемещение лицензированных подписчиков из общего фонда
 - Перемещение засекреченных подписчиков из Общего фонда
 - Перемещение капитальных проектов из общего фонда
 - Переместить учителей общего образования из названия
 - Замена студенческих технологий
 - Кадровые технологии
 - Технологии в классе

По мере того, как мы продвигаемся вперед сейчас и с будущим финансовым развитием, мы стремимся поддерживать качество и превосходство в наших программах и услугах, чтобы учащиеся, окончившие школьный округ Рейнольд, были готовы к сложному и взаимосвязанному миру. Я постоянно ценю поддержку, участие и жизнеспособные решения, предоставляемые сообществом, семьями, районным персоналом и членами школьного совета, поскольку мы все разделяем это общее видение. Предлагаемый бюджет является как образовательным, так и финансово ответственным, и я приглашаю вас рассмотреть, обсудить и утвердить этот бюджет на 2022–2023 учебный год.

Если у вас есть какие-либо вопросы, вы можете связаться со мной по электронной почте или телефону. Спасибо за вашу постоянную поддержку.

С уважением,

Dr. Danna Diaz, Superintendent of Schools
Reynolds School District #7

Sự tham gia của quý vị đã cung cấp ý kiến đóng góp và sự hướng dẫn có giá trị cho Ban Giám Hiệu khi họ phát triển các ưu tiên cho quy trình ngân sách 2022-2023. Vào ngày 8 tháng 12 năm 2021, Hội Đồng đã xem xét thông qua kết quả của các phiên thảo luận góp ý đó để phát triển và phê duyệt các ưu tiên tập trung ngân sách của họ cho năm học tới. Quá trình này dẫn đến Ngân Sách Học Khu 2022-2023 được thiết kế để đáp ứng những nhu cầu chung của các học sinh trong Học Khu Reynold bằng cách tập trung tổng thể vào Học Thuật như ưu tiên cao nhất trong khi tập trung vào các chủ đề góp ý ưu tiên của cộng đồng: **Nghệ Thuật/Âm Nhạc/Thể Thao, Hỗ Trợ Sức Khỏe Tâm Thần, Đào Tạo cho Nhân Viên về Đa Dạng và Văn Hóa, Kích Thúc Lớp, và sự Tham Gia của Phụ Huynh.** Tôi muốn cảm ơn Ban Giám Thị Học Khu Reynolds đã cung cấp cho nhân viên hành chính hướng dẫn về các chủ đề trọng tâm ngân sách này, được sử dụng để đạt được thành tích học cho sinh và các mục tiêu công bằng.

Kế hoạch Chiến lược của Học khu Reynolds 2021-2026, được Hội Đồng thông qua vào tháng 2 năm 2021, tiếp tục là sự hướng dẫn cho chúng tôi và cung cấp cho Hội Đồng Quản Trị và ban điều hành bốn chủ đề mục tiêu để tập trung vào các quyết định ngân sách sử dụng các chủ đề được chỉ định cho niên khóa 2022-2023. Bốn chủ đề mục tiêu này bao gồm: **các Học Sinh Bị Thiệt**

Thời, Giảng Dạy Đáp Ứng Theo Văn Hóa, Sự Lành Mạnh của Học Sinh và Nhân Viên, và Phát triển Chuyên Môn. Tiến xa hơn vào Kế Hoạch Chiến Lược, ban quản trị tập trung vào các ưu tiên chiến lược của **Trình Độ Học Vấn, Giáo Dục Đa Ngôn Ngữ, và Giáo Dục Đặc Biệt.** Những ưu tiên chiến lược này cho phép ban quản trị tập trung vào các quyết định ngân sách bằng cách sử dụng các chủ đề góp ý ưu tiên của cộng đồng do hội đồng quản trị thông qua phù hợp với các mục tiêu kế hoạch chiến lược đã được thông qua.

- Các Học Sinh Bị Thiệt Thời
- Giảng Dạy Đáp Ứng theo Văn Hóa
- Sự Lành Mạnh của Học Sinh và Nhân Viên
- Phát triển Chuyên Môn

Mục đích của thông điệp ngân sách của Học Khu Reynolds là cung cấp một bản tóm tắt về ngân sách được đề xuất và ngân sách này khác với năm trước như thế nào. Trong việc phát triển ngân sách này, chúng tôi tiếp tục tập trung vào sứ mệnh và tầm nhìn của Học Khu.

Sứ Mệnh

Chúng tôi dẫn đầu với sự công bằng để giáo dục và hỗ trợ tất cả các học sinh tốt nghiệp với các kỹ năng và sự tự tin để phát triển.

Tâm Nhìn

Là một cộng đồng, chúng tôi chuẩn bị cho những người suốt đời học hỏi đạt được tiềm năng đầy đủ của họ trong một thế giới phức tạp và liên kết.

Tôi mong muốn được làm việc với Ủy Ban Ngân Sách của chúng tôi để thảo luận và thông qua ngân sách đề xuất do Giám Đốc Tài Chính đệ trình. Một ngân sách được phê duyệt cho phép Tổng Giám Thị các Trường và Hội Đồng Quản Trị Trường tiếp tục với tất cả các quyết định về nhân sự. Nhiệm vụ thiết yếu của chúng tôi là xác minh sự xuất sắc trong các chương trình và các dịch vụ để đảm bảo mỗi học sinh nhận được nền tảng chất lượng trong quá trình phát triển học tập của các em.

Vì đây là năm thứ hai của hai-năm mà cơ quan lập pháp Oregon đã phê duyệt số tiền \$9.3 tỷ đô la với tỷ lệ chia 49/51, chúng ta sẽ bước vào năm tài chính 22-23 khi biết số tiền chúng ta sẽ nhận được từ tiểu bang. **Chi phí tổng hợp ban đầu của chúng tôi cho năm học 2022-2023 vượt quá Ngân Sách Quỹ Trường Học Tiểu Bang và dự trữ của Học Khu khoảng \$10 triệu đô la.** Nhóm Ngân Sách đã dành vô số giờ để đánh giá lại các chi phí, những ước tính xác minh và sự cộng tác với các bên liên quan để giảm chi phí trong ngân sách tổng hợp nhằm đề xuất ngân sách cân bằng này. Để phát triển một ngân sách cân đối với sự thông hiểu rằng nó tạo ra khoảng cách tài trợ, chúng tôi đề xuất sử dụng những tiết kiệm thặng dư được phản ánh trong số dư của quỹ cuối kỳ của chúng tôi cho giai đoạn 2022-2023 như một nguồn gộp chung các quỹ. Mặc dù những khoản tiền này có thể và nên được sử dụng để mở rộng các dịch vụ hoặc hoàn thành việc mua sắm hoặc cải tiến một lần, chúng tôi nhận thấy mình có tình huống phải sử dụng dự trữ trong khi vẫn triển khai các dịch vụ cần thiết để hỗ trợ kết quả của học sinh trong năm ngân sách tới.

Những hỗ trợ và các dịch vụ cần thiết này được xác định bằng cách sử dụng các ưu tiên tập trung ngân sách đã được hội đồng phê duyệt cho 2022-2023 và bao gồm:

- Tất Cả Các Quỹ:
 - Tình Trạng Nhân Sự - không cắt giảm nhân sự
 - Tăng các chi phí Tiện Ích thêm 5%
 - Tăng Bảo Hiểm Tai Nạn Tài Sản lên 10%
- Tài Khoản Đầu Tư cho Các Học Sinh (Students Investment Account (SIA))
 - Tiếp tục hỗ trợ sĩ số học sinh thấp cho lớp học
 - MTSS TOSAs (Hệ Thống Đa Cấp của Giáo Viên Hỗ Trợ cho Nhiệm Vụ Đặc Biệt)
 - Các Nhân Viên Tư Vấn và các Nhân Viên Xã Hội
 - Chương Trình Giảng Dạy Đáp Ứng Văn Hóa
 - Chuyên Gia Truyền Thông cho Tiểu Học
 - Phát Triển Chuyên Môn
 - Tr� Lý Hiệu Trưởng
- ESSER II (HEROES)
 - Cân Bằng các Giáo Viên của Năm 2022-23 (Trung Học Cấp Hai và Cấp Ba)

- Cân Bằng Kỹ Thuật của Năm 2022-23
- Chuyển Giáo Viên Dự Bị được Cấp Phép từ Quỹ Chung
- Chuyển Giáo Viên Dự Bị được Xếp Loại từ Quỹ Chung
- Chuyển các Dự Án Vốn từ Quỹ Chung
- Chuyển các Giáo Viên Giáo Dục Phổ Thông khỏi Chức Danh
- Thay Thế Công Nghệ cho Học Sinh
- Công Nghệ cho Nhân Viên
- Công Nghệ cho Lớp Học

Khi chúng ta tiến về phía trước và với sự phát triển tài khóa trong tương lai, chúng tôi cố gắng duy trì chất lượng và sự xuất sắc trong các chương trình và các dịch vụ của mình để đảm bảo các học sinh tốt nghiệp từ Học Khu Reynolds được chuẩn bị cho một thế giới phức tạp và liên kết. Tôi luôn tiếp tục đánh giá cao sự hỗ trợ, sự tham gia và các giải pháp khả thi được cung cấp bởi cộng đồng, các gia đình, các nhân viên học khu và các thành viên hội đồng nhà trường khi tất cả chúng ta cùng chia sẻ tầm nhìn chung này. Ngân sách đề xuất vừa phù hợp về mặt giáo dục vừa có trách nhiệm về mặt tài chính, và tôi mời các bạn xem xét, thảo luận và thông qua ngân sách này cho niên khoá 2022-2023

Nếu quý vị có bất kỳ câu hỏi nào, quý vị có thể liên hệ với tôi qua email hoặc điện thoại. Cảm ơn vì sự hỗ trợ liên tục của quý vị.

Trân Trọng,

Dr. Danna Diaz, Tổng Giám Thị của Các Trường

2022-2023 Budget Summary

The Proposed Budget for the Reynolds School District for fiscal year 2022-2023 represents the financial plan to deliver services, utilizing the resources available, to meet the goals set by the School Board on behalf of our staff, students and community, totaling \$277,833,821.

This budget proposal includes ongoing allocations for investments aligned with District goals, and leverages grant funds for increasing labor, capital equipment and facility improvement costs.

The proposed budget is balanced and maintains programs and staffing while adjusting some investments, including accessing reserves as a result of the need to supplement the costs of services for our most vulnerable students for whom state funding is currently capped.

Budgeting a Plan for 2022-2023

The Proposed Budget is based on the \$9.3 Billion Biennial State School Fund Proposed Budget with a 49/51 split as submitted by the Governor for 2021-2023. For FY 2022-2023 we will receive the 51% of the biennium allocated dollars.

Unfortunately, with the current State School Fund funding level, **including the 11% cap on students receiving Special Education Services funded by the state** and the recent enrollment decline, the proposed budget includes a spend down of reserves for one-time expenses as well as supplements unfunded special education services in order to provide those necessary services for which students are entitled. The District is also using funding from the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act), providing an additional \$54.3 billion for the Elementary and Secondary School Emergency Relief Fund II & III (ESSER II & III), of which Oregon received \$499.1 million to help continue supporting students and families and to stabilize our General Fund as we attempt to recover from the pandemic.

2022-2023 Budget Outlook

Oregon K-12 funding is far from stable going into the 2022-2023 school year. As of the publication of this document we continue to deal with the pandemic aftermath. Our students and staff have been relearning and adjusting to life after COVID. Economic factors are more uncertain and complex than possibly ever before, inflation is a big factor in this budget. The budget shows how the District has to keep up with more expensive supplies, materials and services. In order to stay competitive and provide our staff with living wages, we have budgeted salaries and benefits increases to our staff. The impacts of the COVID-19 health crisis are only just beginning to be seen and the long-term effects remain a mystery to all.

Oregon's economic forecast was presented March 2022 and the following is a summary of the publication.

As the inflationary boom persists, all of Oregon's primary state revenue instruments continue to outperform pre-pandemic expectations. With the consensus of economic forecasters now expecting that there is more to come, the revenue outlook has been revised upward.

Tight labor markets are putting a considerable amount of upward pressure on wages, which is reflected in withholdings of personal income taxes. Withholdings of personal income taxes mostly result from the wages and salaries of workers, but also include some retirement and bonus income. Personal income tax withholdings are growing at roughly double the rate seen during the last expansion. The recent revenue boom, together with an improving outlook for labor earnings, have led to a significant upward revision to the outlook for Oregon's General Fund revenues.

Gross General Fund revenues have doubled since the Great Recession, and took a big step up after the pandemic hit. Revenue growth has continued, even as large kicker credits have been paid out. Although the baseline outlook calls for continued growth, overheating remains a real possibility. Inflationary booms of the sort we are experiencing today traditionally do not end well, putting recent revenue gains at risk going forward. Longer term, revenue growth in Oregon and other states will face considerable downward pressure over the 10- year extended forecast horizon. As the baby boom population cohort works less and spends less, traditional state tax instruments such as personal income taxes and general sales taxes will become less effective, and revenue growth will fail to match the pace seen in the past.

The 2021-2023 biennial budget and State School Fund distributions were appropriated at \$9.3 billion State appropriation; this amount has not yet been amended by the legislature as of the date of this document. There are certainly reasons to believe this funding level may change based upon the current economic factors as a result of the health crisis.

The district staff are proposing a budget that allows the District to continue services to students and move toward our continuous improvement plan based on existing estimates.

The district staff engaged stakeholders about how to best use our Student Investment Account (SIA) dollars to serve our most marginalized youth. For 2022-2023 we will be fully funded at \$9.5M for SIA allowing the district to fully implement the spending plan.

Federal funds, particularly Title I and II funds, and IDEA funds for students identified with disabilities will likely be impacted as well. For the Proposed budget, we are assuming flat funding in federal funds and will make the necessary adjustments if we don't realize that level of funding. The Federal

government fiscal year does not align with the district's, making it hard to get next year's funding estimate on time for the proposed budget.

The 2021-2023 biennium will include PERS employer cost decreases for the District at an average of 5.3% of the total payroll. This amounts to an estimated annual employer decrease of \$4.5 Million beginning next year. It has been a long time since there has been a PERS decrease but the rate is already projected to increase in the 2023-25 biennium.

The PERS funding problem will not be resolved in the short term and will continue to have an impact on all public agencies and their ability to provide services in the coming years.

Maintaining the contingency and unappropriated ending fund balance of \$ Million and realizing savings and leveraged resources throughout the coming year will be a critical step for the District when entering the 2021-2022 budget process.

Student Investment Account

The Student Investment Account (SIA) comes from the Student Success Act. Oregon Governor Kate Brown signed House Bill 3427, the Student Success Act, into law on May 2019. The purpose of the Student Success Act was to correct underinvestment in our schools and our children and includes sweeping provisions for new and improved services for children and families. The Act funds three accounts:

- The Early Learning Account (at least 20 percent)
- Student Investment Account (at least 50 percent)
- Statewide Education Initiatives (up to 30 percent)

There are two stated purposes for the funds distributed under the SIA:

- Meet students' mental or behavioral health needs, and
- Increase academic achievement for students, including reducing academic disparities for:
 - Economically disadvantaged students;
 - Students from racial or ethnic groups that have historically experienced academic disparities;
 - Students with disabilities;
 - Students who are English language learners;
 - Students who are foster children;
 - Students who are homeless; and
 - Any other student groups that have historically experienced academic disparities, as determined by the State Board of Education

The SIA spending plan had to be focused on any, some, or all of the allowable uses that were detailed in HB 3427. Reynolds explained the allowable uses as they engaged with their students and families from the priority populations and staff to discuss, inform and develop their SIA plan and application to ensure it meets the spirit and intent of the law.

How can we spend new money?

4 Categories for the Student Investment Account

As part of accepting the Student Investment Account money for our district, we must determine our local needs and priorities and develop a plan to spend the new resources in any or all of the four categories.

After engaging the students, community, and staff of Reynolds, these necessary supports and services were determined utilizing the board-approved budget plan for the SIA Funds:

2022-2023 Student Investment Account (SIA)

- Social Workers
- Counselors
- Nurses
- Culturally Responsive Curriculum

- Assistant Principals
- Class load relief- Teachers
- MTSS TOSA's
- Professional Development

- Elementary Media Specialist
- Student Services Program Administrators
- Family and Parent Engagement Specialist

High School Success and Career & Technical Education (Measure 98)

In November 2016, Oregon voters approved Measure 98 which dedicated funding to improving graduation rates through proven practices such as Career & Technical Education (CTE). The District's established plan was set in motion during 2017-18. While graduation rates have improved, there is more work to do. The Proposed Budget continues existing Measure 98 investments for teacher collaboration, college-level opportunities, Career & Technical Education programs, a night school program, investments into attendance monitoring to reduce chronic absenteeism, and additional counseling supports with emphasis on 9th grade on track for graduation.

Continued funding of Measure 98 programs from the State will provide opportunities for students to connect with staff and programs of study that will keep them in school through to completion of graduation and be prepared for school or careers beyond high school with relevant trade skills and certifications. During the 2019 legislative session it was voted to fully fund Measure 98 programs. The proposed 2022-2023 budget includes funding for Measure 98 which increased by 12% compared to 2021-2022, or fully funding amount per student approved by voters.

Bond Capital Construction Projects

The budget includes year five of the voter-approved 2015 Bond Capital Projects and the completion of the final phase of safety and security projects with remaining bond funds. The completion of the three new elementary schools, Fairview, Troutdale and Wilkes, as well as the major renovation and addition to Reynolds High School were accomplished within the 2018-19 budget. The work was completed on time and under budget, allowing for more resources to be directed toward district-wide safety and security improvements to close out the bond program.

BUDGETING A PLAN

Reynolds School Board Adopted Budget Goals

The District held live sessions via zoom to gather staff and input while considering the 2022-2023 budget goals and priorities. There were two virtual sessions held in Fall of 2021 was only for staff. However, we had an online survey in multiple languages for our staff and community to gather input and feedback.

On December 8th, 2021, the Board met and discussed the District’s goals and priorities for the 2022-2023 budget. In January 22nd, 2022 the Board formally adopted budget goals to provide guidance and direction to the Superintendent in the preparation of the annual proposed budget.

The Reynolds School Board set the following budget goals to guide the 2022-2023 program delivery planning work completed by the District’s Administrative Team. Once the plan was in place, the budget was prepared in such a way to fund the plan’s implementation utilizing available resources.

The District was engaged in developing a Strategic Plan which was approved by the Board in February of 2021. During the Strategic Planning process, the District gathered input from over 400 stakeholders through 18 focus groups, three community input sessions, six Strategic Planning Steering Committee meetings, and online feedback during the 2019-2020 and 2020-21 school years. Throughout the process, stakeholders were asked to view the District through the lens of the Board of Education’s Core Commitments and Beliefs: Equity, Safety, Instructional Practices, and Organizational Culture. This resulted in the Steering Committee and Cabinet identifying four major Goal Topic Areas vetted through the Board’s Core Commitments and Beliefs and are now the Four Pillars of the Strategic Plan. The four major Goal Topic areas are:

BUDGET DEVELOPMENT

General Fund Resources

The District’s 2022-2023 service plan is based on several revenue assumptions. The largest source of District revenue comes from the State School Fund and is determined using projected student enrollment in the District and projected transportation expenditures. These resources are budgeted within the District’s General Fund. This is the second year of the biennium for which the Oregon legislature approved based on \$9.3 Billion at 49/51 funding. Nationwide all school districts have experienced lower enrollment due to the pandemic. In Oregon, the Department of Education decided to hold school districts harmless by not reducing funding regardless of the lower enrollment. This decision is mostly based on unprecedented high revenue collections by the State of Oregon.

General Fund Expenditures & Requirements

The District's 2022-2023 service plan is based on several expenditure assumptions. As is the case with any educational entity, the largest expense of the District is labor. The proposed budget assumes a full school year.

The proposed staffing framework is based upon a comprehensive evaluation of staffing across all labor groups, departments, and buildings to align to the 2022-2023 plan with emphasis on the Board Budget Goals and Priorities. Because funding was not changed by the State, we planned to continue the same staffing levels and make no reductions in personnel for 2022-2023. Additionally, the expectation is that our enrollment will increase during the School Year 2022-2023 as we move towards an endemic.

The 2022-2023 Proposed Budget roll-up costs include adjustments according to labor agreements with REA in a negotiating year for Licensed staff, OSEA Classified staff in negotiating year, and RAA Administrative staff in negotiating year. Budget assumptions for labor costs are as follows:

- COLA for Employee Groups
 - REA: 5%
 - OSEA: 3.25%
 - RAA: 3%
- Decrease in PERS rates

The District’s proposed expenditures will exceed the projected 2022-2023 annual revenues and require a spend down of District resources.

- 2021-2024 Cost of Living Adjustments and benefits negotiated with Unionized Employee Groups
- Carry-forward resources for the upcoming budget year; and
- Uncommitted amounts for unforeseen expenses.

Nutrition Service Fund

The budget represents the fourth year of District self-operation for management and food procurement. Budget estimates are based on three years of service and take into account the impacts of State requirements related to student meal charges. Capital improvements and equipment replacement budgets represent equipment and infrastructure installation from the replacement elementary schools to other school sites in the District.

Federal Programs

The 2022-2023 Proposed budget for Federal funds, particularly Title I and II funds, and IDEA funds for students identified with disabilities will likely be impacted as well from the COVID-19 pandemic. For the Proposed budget, we are assuming flat funding in federal funds and will make the necessary adjustments if we don't realize that level of funding. The district also has added ESSER II to the proposed budget to help continue supporting students and families and to stabilize our General Fund as we attempt to recover from the pandemic.

Contingency and Ending Fund Balance Policy

As outlined in the Board policy for the District, the General Fund estimated ending fund cash balance is to be managed at a level that represents 5% of the total adopted General Fund budget revenues. The proposed budget includes contingency and unappropriated ending fund balance amounts that together total \$8.3 Million and does conform to the 5% Board Policy.

General Fund Ending Fund Balance Policy 2022-2023	
Beginning Fund Balance	\$34,006,549
Budgeted Contingency	\$15,378,200
Budgeted Ending Fund Balance	\$8,345,572

Annual Revenue Budget <i>(Excludes Beginning Balance)</i>	\$171,256,997
Board Policy 5%	\$8,345,572

BUDGET CHANGES

The 2022-2023 Proposed Budget totals \$277,833,821 across all funds. This represents an \$8.62 million increase from the 2021-2022 budget. There is an increase budget for Student Investment Account since this year the State will fully fund the District at \$9.5 Million. Also, ESSER III and Measure 98 budget have a higher budget compared to last year.

Reynolds School Board met for the regular work session on December 8, 2021 through a public virtual meeting. The agenda included a presentation from the Superintendent of Schools and the Chief Financial Officer to review the results from various community input sessions for Board discussion of budget priorities for the 2022-23 school year.

Summary results were presented to the Board and key themes from that input were determined. The Board deliberated all community and staff input themes and then prioritized the themes to give the administration guidance for development of the 2022-23 budget.

Discussion:

Each summarized theme was categorized into one or more of the Strategic Plan Goal Topics to ensure prioritized themes are aligned with the Reynolds School District Strategic Plan.

During this discussion, key considerations for budget priorities based on community and staff input were evaluated. After careful discussion, the Board voted to add one category, Academics, to reflect the need to budget to focus on student outcomes.

Strategic Plan Goal Topics

- Goal Topic #1: Marginalized Students
- Goal Topic #2: Culturally Responsive Instruction
- Goal Topic #3: Student and Staff Wellness
- Goal Topic #4: Professional Development

Prioritization of Budget Themes:

Understanding that all the identified budget themes hold priority, the board was advised that it was important to identify the highest priority themes while in a constraint budget to give guidance in developing the budget.

Individual board members were asked to identify their top three priorities for funding for the 2022-2023 school year while in a constraint budget. Results were tabulated to determine which themes were identified the most. After careful review and discussion, the Board determined the following budget themes should be used by administration in developing the 2022-23 Reynolds School District budget.

Prioritized Themes: (in order of Board priority)

The Superintendent of Schools and administration will use the Board's prioritized themes as guidance to make recommendations to the Budget Committee and Board when developing the proposed 2022-23 budget.

REYNOLDS SCHOOL DISTRICT STATE SCHOOL FUNDING FORMULA

State School Fund Grants and Property Tax Revenues

(Funding Per Student)

State School Fund and Property taxes are primary sources of Reynolds School District’s Operating Fund, General Fund. The Legislature determines how much money is available from both State sources such as income taxes, and local sources, primarily property taxes.

State School Fund (SSF)

State School Fund is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average

daily membership, resident (ADMr) and average daily membership, weighted (ADMw). The ADMr number represents the average number of students enrolled in at Reynolds School District on a daily basis. The ADMw is an adjusted number to compensate for the high costs of educating certain groups of students, such as English as Second Language, special education, pregnant or parenting, income at or below poverty and students in foster care.

REYNOLDS SCHOOL DISTRICT STATE SCHOOL FUNDING FORMULA

Property Taxes

Property taxes from each school district's permanent rate are deducted from the General Purpose Grant to determine the amount the

school district will receive from the State School Fund Grant.

Property owners are taxed on the combined rates of education and debt service to repay bonds exempt from Measure 5. The Permanent Property Tax Rate for Reynolds School District is \$4.4626 per \$1,000 per assessed value.

In 1990, when Measure 5 passed, which limits the amount of property taxes education districts could collect to \$5 per \$1,000 of real market value. At the same time, Measure 5 requires the

State to replace property tax revenue lost due to the measure's limitations. In 1997, Measure 50 separated assessed value from real market value. Assessed values are limited to 3% increases a year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. Once the assessed value "catches up" to market value, it can only go up if the market value goes up.

**REYNOLDS SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA**

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase

their permanent rate authority. Rates for debt services are set based on each year's requirements.

The taxes levied amounts are based upon the tax collection year July 1 to June 30.

REYNOLDS SCHOOL DISTRICT

2022-2023 BUDGET OVERVIEW

Highlights of the 2022-23 Budget:

- **The Internal Budget Process**
 - All budgetary allocations for each school and department for the budget were established from a roll-up base that considered class load relief by maintaining status quo from the 2021-22 budget year. Schools and departments then adjusted services within the budget allocations based on the annual site or department goals and priorities in order to improve student achievement, equity and customer service. Every school and department must adjust their annual budget based on their plan for service delivery for the upcoming year.
 - Careful consideration was given to the needs of the individual schools, including their demographics, poverty and mobility levels.
 - Teacher per student ratio were also measured during this process.
 - District internal budget team members worked with buildings and departments to allocate their roll-up budget to deliver quality service for 2022-23.
 - Work to balance resources and requirements was ongoing throughout the budget preparation process and adjustments and cuts were made in some areas to provide for higher priority needs.
 - The financial plan aligns with District policies, Board adopted budget goals and the Strategic Plan.
 - Everything throughout the entire budget process was reviewed with a fresh perspective and priorities were measured according to the established budget goals.
 - All budgetary requirements are comprehensive, justified and complete based on what was known at a given point in time.
- The budget follows **the Oregon Department of Education Chart of Accounts**.
 - The District's account codes align with the state's required chart of accounts with respect to expenditure functions, objects and areas.
 - The District is able to account for all direct and indirect costs by subject, grade level, organization and by school or location.
 - Financial information resulting from this expense structure is reported to the Oregon Department of Education annually.
- The budget follows **the Meritorious Budget Award Criteria Checklist** to provide a reader-friendly budget document that:
 - Presents clear budget guidelines
 - Promotes communication between departments and the schools
 - Encourages short-and long-range budget goals
 - Supports effective use of educational resources
- The 2022-23 school year is the second year of the 2021-23 State of Oregon funding biennium.
- District's **Fund Balance** policy has been key to the District's fiscal stability. Board Policy DBDB, readopted in 2017 calls for management of the annual budget in such a way to ensure an ending fund cash balance of at least 5% of the General Fund total adopted revenues. This amount is made up of a combination of contingency appropriation to be used in an emergency and unappropriated ending fund balance which cannot be used until the following year's budget. The ending fund cash balance provides money to operate at the beginning of the following fiscal year before property tax revenues become available in November.

REYNOLDS SCHOOL DISTRICT 2022-2023 BUDGET OVERVIEW

The total combined budget, all funds, increased by 3.5%, or \$8,6 Million, from \$269,216,620 in 2021-22 to \$277,833,821 in 2022-23 and is largely due to the increase in salaries. The proposed budget includes contingency budgets of \$15,230,422 and an Unappropriated Ending Fund Balance budgets of \$15,298,538.

REYNOLDS SCHOOL DISTRICT 2022-2023 BUDGET OVERVIEW

General Fund increased by 17%, or \$25.5 Million from \$145,757,736 in 2021-22 to \$171,256,997 in 2022-23. This is due to a contingency of \$14,638,103. This amount was added to the budget this year because these funds are committed to cover the negotiated COLAs increases from 2021-2024. Also, the increase in General Fund includes an Unappropriated Ending Fund Balance of \$8,345,572 as mandated by the Board Policy to budget 5% of all revenues for unforeseen situations.

**REYNOLDS SCHOOL DISTRICT
DEBT SUMMARY
2022-2023**

Reynolds School District Debt Service Overview

Reynolds School District debt service payments are funded by voter approved taxes imposed on local property, payments made directly from the District's General Fund, Construction Excise Tax revenues, and through a deduction in the monthly State School Fund payment from the State of Oregon.

The bulk of the District's debt service consists of General Obligation (GO) bonds paid with revenues generated through voter approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2015 Capital Bond program funded security improvements at all District sites, three replacement elementary schools and an addition and remodel to the comprehensive high school. The second largest portion of the District's debt service consists of the District's Unfunded Actuarial Liability (UAL) Bonds. In 2003 the District participated in a state sponsored funding of the District's UAL under Oregon's Public Employee Retirement System (PERS). Funding to meet the 2003 UAL Bonds debt service requirements is deducted from the State School Fund payments made to the District. The net impact of the bonded debt is a reduction in the funding available in all funds as the debt is paid through a payroll calculation, or a cost to payroll. However, the District would have to pay a higher PERS rate on its payroll expenses in lieu of participating in the UAL Bonds.

The District also has debt service for Full Faith and Credit Obligations (FFCO). In 2010, the District refunded the FFCO with a maturity date of 2035. Funding from this financing was utilized for the purchase of land and for building and site improvements in the District. The District refunded the FFCO again in 2020 with a maturity date of 2035. The District was also able to purchase buses with the financing.

GASB #54 FUND BALANCE REPORTING**

GASB #54 - Fund Balance Reporting was implemented in July 1, 2011 to improve the usefulness, understandability and comparability of governmental fund balance information. In the current budget, the District utilizes two classifications; Unassigned and Reserved for Next Year. GASB #54 provides for four categories as follows:

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority.

Assigned: The assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed.

Unassigned: The unassigned fund balance is the residual classification for the government’s general fund and includes all spendable amounts not contained in the other classifications. Amounts available for any unplanned and foreseen purposes.

Reserved for Next Year: Amounts set aside for next year and NOT available in current year.

REYNOLDS SCHOOL DISTRICT STATE SCHOOL FUND

- The formula provides 100% extra funding for students receiving Special Education (SPED) services, however caps the funding for SPED services at 11% of the total regular enrollment.
- Reynolds students receiving SPED services who make up 13.7% of the total regular enrollment, leaving 2.7% of the students to be served without state funding to offset the costs.

The funding formula creates a situation where the base funding for general education for all students must supplement the excess costs of these important programs our students need, leaving less available for general education services to the district for every student.

The 2022-23 Proposed Budget includes \$8.5 Million of the general education funding being carved out due to lack of funding for SPED services from the State. This leaves \$87.7 Million available for district-wide general education services and operations if reserves are not utilized to help fill this gap. The funding gap grows when enrollment declines and our students receiving SPED services either remains constant or grows slightly.

FINANCIAL REPORTING AND BUDGET PROCESS

REPORTING ENTITY

Reynolds School District (the District), a consolidation of several districts, was organized under provisions of Oregon Statutes pursuant to ORS Chapter 332 for the purpose of operating elementary and secondary schools serving grades K-12. The District is governed by a separately elected seven-member Board which approves the administrative officials. The daily operations of the District are under the supervision of the Superintendent. As required by generally accepted accounting principles (GAAP), all activities of the District are included in the basic financial statements.

The District qualifies as a primary government since it has a separately elected governing body, is a legally separate entity, and is fiscally independent.

The following is an overview of the District's funds:

GENERAL FUND 100

The General Fund is the District's primary operating fund and accounts for all revenues and expenditures except those required to be accounted for in another fund.

Expenditure categories include salaries and associated payroll costs, purchased services, supplies and materials, capital outlay and other general expenses. Expenditures are presented by major function categories which contain program descriptions, budgeted positions and program and services analysis. In addition, explanations are available for significant variances which exist between the 2021-22 and 2022-23 budgets.

Revenues come from two main sources: state funding and local property taxes. The state revenue and local property taxes are components of the State School Fund (SSF).

The SSF is allocated through a school equalization formula that includes initial

weighting for the number of students and extra weightings for students eligible for additional services such as special education, English Language development, students experiencing poverty, students in foster care and students who are pregnant and parenting. The calculation consists of four grants including: general purpose, transportation, high cost disability and facility grants.

FEDERAL FUNDS

Accounts for revenues and expenditures of grants restricted for a specific purpose, from the federal government i.e. Title IA, IDEA, HEROES, PPS/Columbia Regional Autism Program and School Improvement.

STATE AND OTHER FUNDS

Accounts for revenues and expenditures of grants received from state and other local agencies for a specific purpose or program i.e. Driver's Education, Energy Efficient Schools SB1149, Mini Grants, Student Activities, Student Investment Account and Summer School.

NUTRITION SERVICES FUND

Accounts for revenues and expenditures for the nutrition services program. Revenue sources include sales of food and subsidies under the National School Lunch and Breakfast Programs received through the State of Oregon.

EARLY RETIREMENT FUND

Accounts for stipends and post-retirement health care benefits as a result of collective bargaining agreements. Principal revenue source is a transfer from the General Fund.

INSURANCE RESERVE FUND

Accounts for costs incurred by the District under its general liability, including but not limited to property liability, Boiler and Machinery/Equipment Breakdown, Crime, Business Auto and Public Entity Liability. Principal revenue source consists of insurance claim proceeds and premium rebates.

REYNOLDS SCHOOL DISTRICT

FINANCIAL REPORTING AND BUDGET PROCESS

DEBT SERVICE FUNDS

Accounts for the District's payment of principal and interest on long-term obligations, including General Obligation (GO) bonds, Limited Tax Pension Obligations and Full Faith and Credit Refunding Obligations (FFCRO). The District maintains separate funds for each of these categories. GO bonds allow the District to finance capital projects such as the construction of new schools, rebuilding schools and equipment. Voters must approve the sale of these bond funds. Limited Tax Pension Obligation bonds were issued to finance the District's unfunded actuarial liability in the Oregon Public Employees Retirement System.

CAPITAL PROJECTS FUNDS

Accounts for activities related to the acquisition, construction, and improvement of District facilities and equipment.

Capital Projects Fund provides for the payment of interest on the 2020 (FFCRO) Series. Accounts for activities related to the acquisition, construction and equipping of facilities. Revenue sources are the excise tax, interest earnings and the capital projects fund.

2015 Capital Project Fund is funded by the passage of Measure 26-164, General Obligation Bond Levy from the May 19, 2015 bond election. The GO Bonds have provided three new elementary schools, additional new classrooms at the high school and upgraded security at several schools by adding secure vestibules. This fund manages the capital expenditures for specifically authorized projects funded by the 2015 GO bonds.

School Improvement Projects - (QZAB) Fund is funded by the Qualified Zone Academy Bond (QZAB) tax credit bond program whereby bond investors take a tax credit in lieu of interest payments for qualified bonds under the IRS Tax Code. Projects accounted for under the QZAB Bond total \$4,000,000 and include roof

resurfacing, exterior block sealing, HVAC system replacement, and major abatement work.

TRUST FUNDS

Accounts for fund-raising and scholarship resources received and held by the District in a fiduciary capacity. Disbursements from this fund are made in accordance with the trust and fund-raising agreements. The district no longer has trust funds.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The budgetary basis of accounting is the same as accounting principles generally accepted in the United States of America for the governmental fund types, and private purpose trust funds are budgeted by major function in the governmental fund types.

Government-wide, internal service, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and accrued vacation which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported expenditures in the governmental funds and proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

Reynolds School Board met for the regular work session on December 8, 2021 through a public virtual meeting. The agenda included a presentation from the Superintendent of Schools and the Chief Financial Officer to review the results from various community input sessions for Board discussion of budget priorities for the 2022-23 school year.

Summary results were presented to the Board and key themes from that input were determined. The Board deliberated all community and staff input themes and then prioritized the themes to give the administration guidance for development of the 2022-23 budget.

Presentation of Budget Theme Summaries:

Summarized Themes from Staff and Community Input:

Arts, Music, Sports	Salaries and Wages
Mental Health Supports	Safety
Staff Diversity & Cultural Training	Literacy
Class Size	Curriculum
Parent Engagement	

Discussion:

Each summarized theme was categorized into one or more of the Strategic Plan Goal Topics to ensure prioritized themes are aligned with the Reynolds School District Strategic Plan.

During this discussion, key considerations for budget priorities based on community and staff input were evaluated. After careful discussion, the Board voted to add one category, Academics, to reflect the need to budget to focus on student outcomes.

Strategic Plan Goal Topics

- Goal Topic #1: Marginalized Students
- Goal Topic #2: Culturally Responsive Instruction
- Goal Topic #3: Student and Staff Wellness
- Goal Topic #4: Professional Development

Prioritization of Budget Themes:

Understanding that all the identified budget themes hold priority, the board was advised that it was important to identify the highest priority themes while in a constraint budget to give guidance in developing the budget.

Individual board members were asked to identify their top three priorities for funding for the 2022-2023 school year while in a constraint budget. Results were tabulated to determine which themes were identified the most. After careful review and discussion, the Board determined the following budget themes should be used by administration in developing the 2022-23 Reynolds School District budget.

Prioritized Themes: (in order of Board priority)

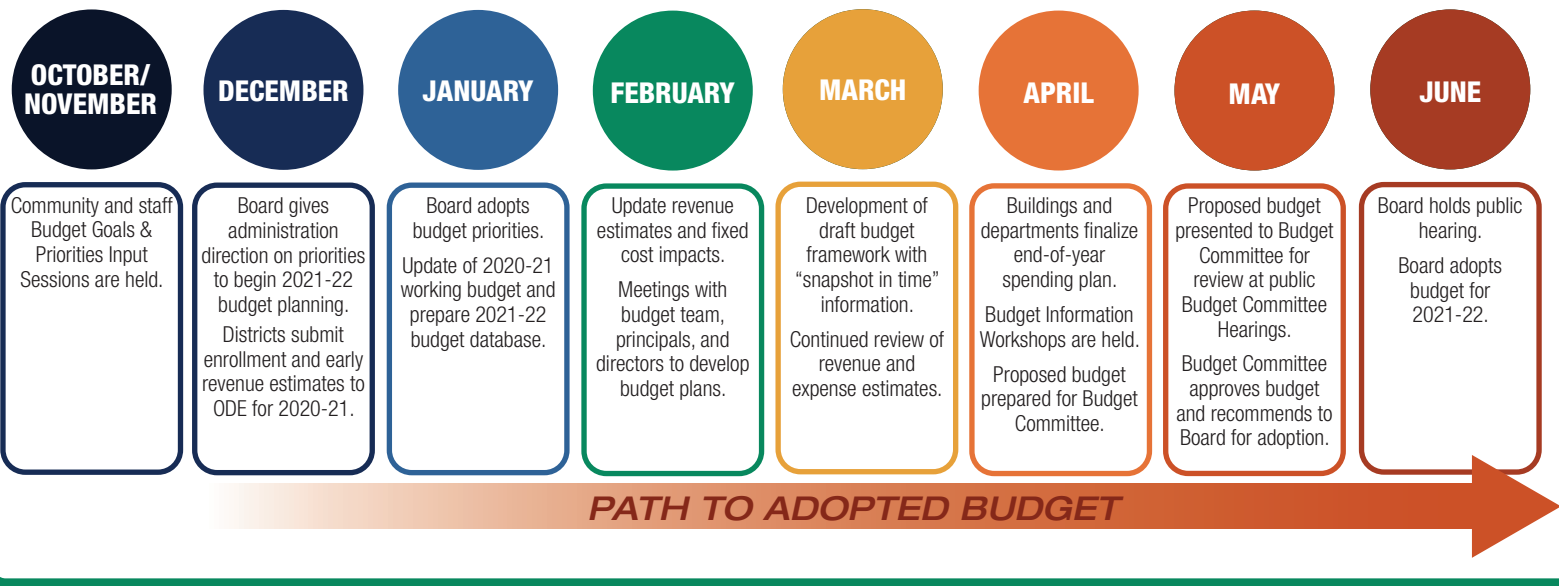

The Superintendent of Schools and administration will use the Board's prioritized themes as guidance to make recommendations to the Budget Committee and Board when developing the proposed 2022-23 budget.

REYNOLDS SCHOOL DISTRICT MEASURES AND LEVIES

MEASURE 5

In November 1990, Oregon voters approved Measure 5, a citizen's initiative limiting total taxes on each property in the state to 1.5 percent of the property's real market value and shifting responsibility for funding public education to the state from the local level.

Measure 5, a constitutional amendment, phased in the tax limit for schools over a five-year period, beginning with a limit of \$15 per \$1,000 of property value in 1991-92 and decreasing to a permanent limit of \$5 per \$1,000 of value in the 1995-96 fiscal year. Tax limitations do not apply to bonded debt for capital construction.

In response to the requirement that the state replace school tax revenue lost under Measure 5, the legislature created the State School Fund (SSF) and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

Since Measure 5 was passed, the state's share of funding to schools increased from about 30% to about 70%.

MEASURE 50

In 1997, Oregon voters approved Measure 50, an initiative referred by the legislature to implement the provisions of Measure 47. The purpose of Measure 50 was to clarify legal ambiguities in the original measure and change the property tax system from a tax base system (where a dollar rate is levied) to a tax rate system (where a permanent rate is levied). As a result, in 1997-98 assessed values were rolled back to 1995-96 valued minus 10% and future assessed value increases were capped at 3% per year plus exceptions such as the value of new construction. The district's permanent rate was set at \$4.4626 per \$1,000 of assessed value. Other provisions limited the use of the bonded debt and required a 50% voter turnout for property tax elections except at general elections (November of even-numbered years).

MEASURE 56

In November 2008, voters amended the state constitution to require that all local property tax measures on May and November elections be decided by majority vote, overturning the "double majority" requirement of Measure 50.

MEASURES 66 AND 67

In January 2010, Oregon voters upheld two tax increases approved by the 2009 legislature. Measure 66 increased personal income tax rates for high income individuals, and Measure 67 increased corporate taxes by raising the \$10 corporate minimum tax to \$150, raising the corporate profits tax, and increasing certain business filing fees.

MEASURE 98

In November 2016, Oregon voters approved Measure 98, a dropout prevention and college readiness initiative. Measure 98 requires state funds to be distributed to public school districts for approved plans to establish or expand career and technical education programs, to establish or expand college-level educational opportunities for students and to establish or expand dropout prevention strategies in high schools.

MEASURE 99

In November 2016, Oregon voters approved Measure 99 using Oregon Lottery funds to create the Oregon Outdoor School Education Fund. The program dedicates funds to provide every student in the fifth or sixth grade the opportunity to attend a week-long outdoor school program.

LOCAL OPTION LEVY

Since 1999, school districts have been allowed to request voter approval for local property tax levies to support operations and/or capital needs. This represents the only opportunity for district voters to increase revenue for district operations since Measure 5 passed in 1990. Local option capacity represents the "tax gap" between the Measure 5 tax rate limit based on

REYNOLDS SCHOOL DISTRICT MEASURES AND LEVIES

real market value and the Measure 50 tax rate based on assessed value.

As revised by the 2007 legislature, the amount a district can receive under a local option levy is restricted to the least of:

- Measure 5 limit: revenue received by the district from local option taxes imposed;
or
- Dollars per student: \$1,000 per average daily membership, weighted (ADMs), growing by 3% per year as of 2008-09;
or
- Percent of state resources: 20% of the combined total of the state general purpose grant, transportation grant, facility grant and high cost disability grant.

Operating levies cannot exceed five years. Capital levies cannot exceed the lesser of ten years or the expected useful life of the asset(s).

Local option levies for more than a year may be filed as either a fixed dollar amount per year or a tax rate. Local option revenue is excluded from the state funding formula.

Reynolds School District does not currently have a local option tax.

GENERAL OBLIGATIONS BONDS

Districts may levy taxes for the repayment of bonded debt upon voter approval. Tax levies or bonded debt fall outside the limits of Measure 5.

Measure 50 limited the use of bonded debt to funding capital construction and improvements and prohibited using bonds to finance the purchase of equipment or maintenance and routine repairs.

The 2009 state legislature approved a provision of the Oregon Constitution which effectively expanded the range of the qualifying uses of

bond proceeds by re-defining “capital costs” as costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Bonds may not be used to pay for the costs of routine maintenance or supplies.

Voters approved a \$125 million bond measure on the May 19, 2015 ballot to provide funds for construction and improvements throughout the district. See Financial Section, 2015 Capital Bond Project for further details.

STUDENT INVESTMENT ACCOUNT

The Student Investment Account (SIA) comes from the Student Success Act. Oregon Governor Kate Brown signed House Bill 3427, the Student Success Act, into law on May 2019. The purpose of the Student Success Act was to correct underinvestment in our schools and our children and includes sweeping provisions for new and improved services for children and families. The Act funds three accounts:

- The Early Learning Account (at least 20 percent)
- Student Investment Account (at least 50 percent)
- Statewide Education Initiatives (up to 30 percent)

There are two stated purposes for the funds distributed under the SIA:

- Meet students’ mental or behavioral health needs, and
- Increase academic achievement for students, including reducing academic disparities for:
 - Economically disadvantaged students;
 - Students from racial or ethnic groups that have historically experienced academic disparities;
 - Students with disabilities;
 - Students who are English

REYNOLDS SCHOOL DISTRICT MEASURES AND LEVIES

- language learners;
- Students who are foster children;
- Students who are homeless; and
- Any other student groups that have historically experienced academic disparities, as determined by the State Board of Education

The SIA spending plan had to be focused in any, some or all of the allowable uses that were detailed in HB 3427. Reynolds used the allowable uses as they engaged with their students and families from the priority populations and staff to discuss, inform and develop their SIA plan and application to ensure it meets the spirit and intent of the law.

FUNDBALANCE

The Board recognizes its responsibility to establish an unreserved fund balance in an amount sufficient to:

1. Protect the district from unnecessary borrowing in order to meet cash-flow needs;
2. Provide prudent reserves to meet unexpected emergencies and protect against catastrophic events;
3. Meet the uncertainties of state and federal funding; and
4. Help ensure a district credit rating that would qualify the district for lower interest costs and greater marketability of bonds that may be necessary in the construction and renovation of school facilities.

Consequently, the Board directs the superintendent to manage the currently adopted district budget in such a way to ensure an ending fund cash balance of at least 5 percent of total adopted revenues.

In determining an appropriate unassigned fund balance, the Board will consider a variety of factors with potential impact on the district's budget including the predictability and volatility of its expenditures, the availability of resources in other funds as well as the potential drain upon general fund resources from other funds; liquidity; and designations. Such factors will be reviewed annually.

BUDGET PREPARATION

The superintendent has the overall responsibility for budget preparation and will develop such procedures necessary to ensure that the proposed budget reflects all areas of district operation.

The superintendent and administrative staff will establish budget priorities for the district and will make appropriate recommendations related to those priorities to the board and budget committee.

The superintendent will deliver the budget message and actual budget document to the budget committee when the message and budget have been completed and are ready for presentation.

BUDGET COMMITTEE

By law, the budget committee is charged with making recommendations concerning financial priorities.

The budget committee will have the responsibility for reviewing the financial programs of the district, reviewing the proposed district budget as presented by the superintendent, and recommending an annual or biennial district budget in keeping with the provisions of applicable state laws.

Educational policy decisions, however, are the responsibility of the board, not the budget committee. The committee does not have the

REYNOLDS SCHOOL DISTRICT SCHOOL BOARD POLICIES

authority to add programs or to approve additional personnel or increase salaries. While the committee may, in effect, delete programs because of a fund decrease in arriving at a levy figure, the committee is charged primarily with a fiscal evaluation of programs. The committee may, alternatively, set an amount that changes the recommended budget and may request the administration make such changes in accordance with priorities set by the board.

The budget committee consists of seven members appointed by the board plus the elected board members. To be eligible for appointment, the appointive member must:

1. Live and be registered to vote in the district.
2. Not be an officer, agent or employee of the district.

No budget committee member may receive any type of compensation from the district.

At its first meeting in July, the board will identify vacant budget committee positions which must be filled by appointment of the board. The board will announce the vacancies and accept applications through August. Such applications will include a signed statement that the applicant is willing to serve as a member of the budget committee and to adhere to the policies of the district. The board may appoint budget committee members to as many consecutive terms as deemed appropriate.

At the first regular board meeting in September, the board will review the names of persons filing applications and names of those persons who have served previously and are willing to be reappointed. At the first regular meeting in October, the board will appoint persons to fill the vacant positions.

The appointive committee member of the budget committee in a district that prepares an annual budget will be appointed for three-year terms. The terms will be staggered so that, as

near as practicable, one-third of the appointive members' terms end each year. Appointive members of a budget committee in a district that prepares a biennial budget shall be appointed to four-year terms. The terms shall be staggered so that near as practicable, one-fourth of the terms of appointive members expire each year. If any appointive member is unable to complete the term for which he/she was appointed, the board will announce the vacancy at the first regular board meeting following the committee member's resignation or removal. An appointment to fill the position for its unexpired term will be made at the next regular board meeting.

At its first meeting after appointment, the budget committee will elect a presiding officer from among its members. It may also establish other ground rules as necessary for successful operation of the committee.

A majority of the constituted committee is required for passing an action item. Majority for a 14-member budget committee is 8. Therefore, if only 8 members are present, a unanimous vote is needed for passing an action.

The budget committee shall hold one or more meetings to receive the budget message, receive the budget document and to provide members of the public with an opportunity to ask questions about and comment on the budget document. The committee may request the attendance of any district employee at its meetings. The budget committee will approve the budget as submitted by the superintendent or as subsequently revised by the committee.

After approval of the original or revised budget document, the budget committee's duties cease. The hearing on the approved budget is held by the board.

REYNOLDS SCHOOL DISTRICT EQUITY FOR ALL

The Reynolds School District believes that the success of every child and learner in Oregon is directly tied to the prosperity of all Oregonians. We believe that all people have the ability to learn and that we have an ethical and moral responsibility to ensure an educational system that provides an optimal learning environment.

Working toward equity requires a clear understanding of historical contexts, the active investment in changing social structures and sufficient resources to guarantee the success of each and every child. We

believe that one of our most critical responsibilities going forward is to implement a set of concrete criteria and policies in order to reverse this trend and deliver the best educational continuum and outcomes to our children by explicitly identifying disparities in these educational outcomes. The Reynolds School District is committed to changing practice to ensure that all community members can be prepared for a world yet to be imagined.

Through the administration of policy, professional development and cultural literacy in our community, the District will work toward:

- Raising the achievement of all students while narrowing the gap between the highest and lowest students
- Eliminating the racial predictability and disproportionality in all aspects of education and its administration
- Ensuring that all students, regardless of race or class, graduate from Reynolds School District ready to succeed in racially and culturally

diverse local, national and global communities

The Reynolds School District focuses on key areas of value:

- the administration of collectively transformative cultural experiences
- the development of cultural responsiveness in all students and staff
- the restoration of confidence in personal agency and social ethics
- the provision of spaces for acceptance, self-expression and culture

In order to accomplish the goals set forth by Policy, the rationale and values for Equity can be summarized into three areas of focus: language development, policy & cultural outreach, and continuous improvement.

Language Development

Spanning over multiple municipalities, the Reynolds School District serves a variety of diverse language and ethnic communities.

The Reynolds Equity Policy embodies this vision through an inclusionary commitment to language, literacy, and the respect for the rights of humans from all walks of life. The District promotes, supports and celebrates multi-literacy to ensure that all students, regardless of race or class, graduate from Reynolds ready to succeed in a racially and culturally diverse global, national, and local community.

At Reynolds School District, the forms and functions of language are integrated alongside core content to provide a fully integrated

REYNOLDS SCHOOL DISTRICT EQUITY FOR ALL

language learning experience.

Exceptional English Learners, such as those with disabilities, deserve access to the full range of language development services with the benefit of the least restrictive environment. The District customizes a wide range of instructional, and systemic protocols that ensure differentiated points of access for all learners. English Language Development teams also strive to identify talented and gifted students of language difference.

Continuous Improvement for an Equitable Future

Continuous improvement is at the heart of the work in the Reynolds School District. The rich variety of ethnic identity, languages, and cultural diversity require clear, multiple and accessible pathways for students in the district to experience success. We recognize the diverse families, students and community partners as collaborative members, and strive to secure the academic success of all students through these partners.

Policy, Self-Evaluation Community Outreach

The Reynolds School District takes very seriously its responsibility as a steward and custodian of civil rights, and is therefore committed to ensuring fairness and equity for Reynolds students and staff. Federal provisions have greatly contributed to the civil freedoms of minorities across the nation. Through district policy Reynolds builds upon federal provisions and encourages equitable, safe, welcoming, diverse school environments that do not encroach upon the civil liberties and rights of our students and their communities.

Compliance with federal mandates provides a base upon which continuous improvement

models that protect the rights of individuals can be developed and implemented. It is a core value of the Reynolds School District to continuously design and implement equitable district policies, procedures and programs complying with federal state and local laws that uphold civil rights of all individuals.

The district prohibits discrimination and harassment on any basis protected by law, including but not limited to, an individual's perceived or actual race, color, religion, sex, mental or physical disability or perceived disability, pregnancy, familial status, economic status, veterans' status, marital status or age, or because of the perceived or actual race, color, religion, sex, sexual orientation, national or ethnic origin, mental or physical disability or perceived disability, pregnancy, familial status, economic status, veterans' status, marital status or age, of any other persons with whom the individual associates.

Seamless integration of civil rights laws and district equity policy reinforces a nondiscriminatory environment and promotes the creation of healthy, secure, and safe spaces for all students to discover, explore and envision worlds yet to be imagined.

DISTRICT EQUITY POLICY

Reynolds School District is dedicated to closing the opportunity gap and creating learning communities that provide support and academic enrichment programs for all students. Additionally, the district believes that it is the right of every student to have an equitable educational experience within the Reynolds School District.

The concept of educational equity goes beyond formal equality where all students are treated the same. Educational equity fosters a barrier-free environment in which all students, regardless of race, class, or other personal characteristics such as creed, color, religion, ancestry, national origin, age, economic status, sex, sexual orientation, including but not limited to gender expression or identity, pregnancy status, marital status, physical appearance, the presence of any sensory, mental or physical disability, or the use of a service animal by a person with a disability, have the opportunity to benefit equally.

Equity requires differentiating resource allocation, within budgetary limitations, to meet the needs of students who need additional supports and opportunities to succeed academically.

A student whose history and heritage are appreciated and celebrated, may enjoy higher levels of learning and success, than a student who is forced to overcome cultural barriers.

The Reynolds School District will work toward:

1. Raising the achievement of all students while narrowing the gap between the lowest and highest performing students;

2. Eliminating the racial predictability and disproportionality in all aspects of education and its administration (e.g., the disproportionate over-application of discipline to students of color, their over-representation in special education and their under-representation in various advanced learning programs);
3. Supporting students, regardless of race or class, to graduate from Reynolds School District ready to succeed in a racially and culturally diverse local, national, and global community.

In order to achieve educational equity for each and every student, the district shall embrace the following:

1. Equitable Access-The district shall provide every student with equitable access to a high-quality curriculum, support, facilities and other educational resources, even when this means differentiating resource allocation;
2. Racial Equity Analysis-The district shall review existing policies, programs, professional development and procedures to ensure the promotion of racial equity, and all applicable new policies, programs and procedures will be developed using a racial equity analysis tool;
3. Workforce Equity-The district shall actively work to have the teacher and administrator workforce be balanced and reflect the diversity of the student body. The district shall recruit, employ, support and retain a workforce that includes racial, gender, and linguistic diversity, as well as culturally competent administrative, instructional and support personnel;

REYNOLDS SCHOOL DISTRICT EQUITY FOR ALL

4. Professional Development-The district shall provide professional development to strengthen employees' knowledge and skills for eliminating opportunity gaps and other disparities in achievement;
5. Welcoming School Environments-The district shall ensure that each school creates a welcoming culture and inclusive environment that reflects and supports the diversity of the district's student population, their families, and communities;
6. Partnerships-The district will include other partners who have demonstrated culturally specific expertise – including families, government agencies, institutes of higher learning, early childhood education organizations, community-based organizations, businesses, and the community in general – in meeting our high goals for educational outcomes;
7. Multiple Pathways to Success-The District shall provide multiple pathways to success in order to meet the needs of the diverse student body, and shall actively encourage, support and expect high academic achievement for all students;
8. Recognizing Diversity-Consistent with state regulations and district policy and within budgetary considerations, the district shall provide materials and assessments that reflect the diversity of students and staff, and which are geared towards the understanding and appreciation of culture, class, language, ethnicity and other differences that contribute to the uniqueness of each student and staff member.

The superintendent is authorized to develop procedures to implement this policy, including an action plan with clear accountability and metrics. At least annually the superintendent shall report to the Board on the progress toward achieving the goals outlined in this policy. The report shall be based on the annual goals of the district's Equity Leadership Team, which are set in partnership with the superintendent and the Board.

REYNOLDS SCHOOL DISTRICT HISTORY OF THE DISTRICT

The Reynolds School District formed in 1954 as a consolidation of the Fairview, Troutdale and Wilkes elementary school Districts for the purpose of building a new high school. In 1975, Rockwood School district merged with Reynolds. The district serves Portland, Gresham, Fairview, Wood Village and Troutdale, and is a mix of urban and rural, high tech manufacturing and farm land.

The District has 11 elementary schools, three middle schools, one high school, one alternative school and five alternative programs, serving 13,514 students from a diverse geographic region and from various backgrounds. Its students speak more than 72 languages.

The District also has 3 sponsored charter schools, Arthur Academy, Rockwood Preparatory Academy (formerly KNOVA) and Multnomah Learning Academy (MLA). In May of 1999, the State of Oregon passed Oregon's Charter School Law (ORS 338) which permits parents, teachers, or community members to contract with the School district or the State as a sponsor for the operation of a charter school. The charter schools are financed by a portion of the State School Funds distributed to the District and any revenue they can raise themselves. The District is allowed to withhold 5 – 11% of its State School Funds, per ADMw. The District FTE that work at the Charter Schools and their costs are netted from the District's funding pass-through to the Charters. The District is responsible for oversight of special education and English learner development to its students. The District has no equity interest in any of the charter schools, and all are considered legally separate organizations.

Reynolds High School consistently ranks as one of the largest, in terms of student population, in the state. High school students may also attend the Center for Advanced Learning, a charter school partnership between four neighboring districts (Centennial, Corbett, Gresham-Barlow and Reynolds), where students can choose to focus on health sciences, engineering or computer science.

The district has successfully partnered with area businesses to meet common goals and improve students' education experiences. Some of the District's leading partners for academic enrichment and after-school intervention include:

The Boeing Company of Portland, the Craig Awards, Lowes, McMenamens and others have donated funds to the Reynolds Education Foundation, which provides grants to improve student learning. Local businesses and the Snow Cap also work with district schools, donating food during the holidays and many other endeavors.

The seven Board of Directors that govern the Reynolds School District serve without compensation. All are elected at large to four-year-terms. The Board of Education is the policy making body and is exclusively responsible providing an education program for students living within Reynolds School District. The chief administrative officer of the District is the Superintendent who is appointed by the Board.

REYNOLDS SCHOOL DISTRICT HISTORY OF THE DISTRICT

The entire Board, together with seven appointed residents of the school district, serves as the District's Budget Committee. The role of the Budget Committee is to help assure that the District budget document and fiscal practices address the budget goals set by the Board of Education.

Location:

The Reynolds School District boundaries

encompass a 27 square mile area, which includes the cities of Fairview, Troutdale, Wood Village, North Gresham and Northeast Portland, as well as some unincorporated areas. The district spans from 141st Avenue to the Sandy River and from the Columbia River on the North to SE Market Street and SE Stark Street to the South. An estimated population of 70,309 is served by the district.

REYNOLDS SCHOOL DISTRICT

THE BUDGET AT A GLANCE

The Budget Process

Oregon Local Budget Law (ORS 294.305 to 294.565) defines a process and format for school districts' annual budget preparation and presentation. A budget is balanced when the projected resources equal projected requirements within each fund. The Oregon Department of Education (ODE), through the administrative rule process, adopts a chart of accounts that is used to classify revenues and expenditures. All Oregon school districts are expected to follow the chart of accounts for budgeting and financial reporting. The Reynolds School District appropriates its expenditure budget at the major function level. The functional areas, as defined by ODE, are Instruction, Support Services, Enterprise and Community Services, Facilities Acquisition and Construction, Other Uses (mainly transfers), Contingency, and Unappropriated Ending Fund Balance.

The District's budget message and proposed budget is based on an \$9.3 Billion State School Funding level for 2021-23. The 2022-23 adopted budget for the District is \$277,833,821 for all funds, a \$8.62 million increase from the 2021-22 adopted all funds budget.

General Fund

As proposed, the General Fund budget for 2022-23 totals \$171,256,997. This is an increase of \$25,499,261 from the 2021-22 adopted budget. State School Fund revenues are based upon average daily membership (ADM) of students enrolled for a full school year. The increased revenues consist of State School Fund, property tax and beginning fund balance increases. The State School Fund revenue remains steady regardless of a statewide decrease in enrollment.

While resources have not improved, the major factor impacting the general fund is the funding cap placed on special education services. Staffing is proposed to remain at the 2021-22 levels. An analysis of major objects including Salaries, Associated Payroll Costs, Purchased Services, Supplies & Materials, Capital Outlay, Other, and Transfers provides further explanation.

As illustrated in the chart, the 2022-23 proposed budget allocates 49.3% to Instruction, 35% to Support Services, 4.9% to Unappropriated Ending Fund Balance, 1.6 % to Transfers, 0.1% to Debt Service, 9% to Contingencies, and 0.1% to Community Services and Child Care.

REYNOLDS SCHOOL DISTRICT

THE BUDGET AT A GLANCE

Revenue Outlook

The General Fund revenue budget includes \$104,355,789 from the State School Fund formula.

The estimate was shared by ODE on March 2022 estimate adjusted to the statewide K-12 school funding level of \$9.3 Billion. Of this amount, \$7 million is reimbursement for Transportation programs.

Ending Fund Balance Activity

The District’s proposed expenditures will exceed the projected 2022-2023 annual revenues and require a spend down of District resources.

REYNOLDS SCHOOL DISTRICT PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS) AND POST EMPLOYMENT BENEFITS

PUBLIC EMPLOYEE RETIREMENT SYSTEM (PERS)

Reynolds School District is a **Public Employee Retirement System (PERS)** employer and all employees who work in PERS qualifying positions at Reynolds School District become PERS members. Employees hired after August 29, 2013 are members of a new plan created by the Legislature to reduce cost: The Oregon Public Service Retirement Plan or OPSRP. More information about PERS can be found at <http://www.oregon.gov/pers>.

In 2003, the District participated in the Oregon School Boards Association limited tax pension obligation bond issue to finance a portion of the estimated unfunded PERS actuarial liability (the "UAL"). A \$80,978,772 was borrowed to offset which is adjusted every two years.

PERS costs continue to rise impacting district budgets throughout Oregon until the 2021-23 biennium.

Year	Tier 1/2	OPSPR

POST EMPLOYMENT BENEFITS

As a result of collective bargaining agreements, the District has a single-employer run post-retirement health care benefit plan, which is offered to certain employees who retire with 15 years of service and have attained the age of 58, but are not yet eligible for Medicare. These benefits are available until age 62 to 65 and are fully paid by the District. Contributions are

financed by the General Fund and recorded as expenditures on a pay as you go basis in the Early Retirement Fund. The cost of these benefits in fiscal year 2020 was \$33,698 and budgeted at \$50,000 in 2020-21. The 2021-22 budget is \$75,000. A 3% annual reduction is currently projected for 2022-23.

ANNUAL OPEB COST AND NET OPEB OBLIGATION FOR IMPLICIT BENEFIT AND DISTRICT CONTRIBUTIONS

The annual OPEB cost and net OPEB obligation is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year ending June 30, 2017, the amount actually contributed to the plan, and changes in the District's net OPEB obligation:

**REYNOLDS SCHOOL DISTRICT
DEBT SUMMARY
2022-23**

Reynolds School District Debt Service Overview

Reynolds School District debt service payments are funded by voter approved taxes imposed on local property, payments made directly from the District's General Fund, Construction Excise Tax revenues, and through a deduction in the monthly State School Fund payment from the State of Oregon.

The bulk of the District's debt service consists of General Obligation (GO) bond revenues generated through voter approved tax measures. The revenue sources for GO bond principal and interest payments consist of property taxes and earnings on investments. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2015 GO Capital Bond program funded security improvements at all District sites, three replacement elementary schools and an addition and remodel to the comprehensive high school. The second largest portion of the District's debt service consists of the District's Unfunded Actuarial Liability (UAL) Bonds. In 2003 the District participated in a state sponsored funding of the District's UAL under Oregon's Public Employee Retirement System (PERS). Funding to meet the 2003 UAL Bonds debt service requirements is deducted from the State School Fund payments made to the District. The net impact of the bonded debt is a reduction in the funding available in all funds as the debt is paid through a payroll calculation, or a cost to payroll. However, the District would have to pay a higher PERS rate on its payroll expenses in lieu of participating in the UAL Bonds.

The District also has debt service for Full Faith and Credit Obligations (FFCO). In 2010, the District refunded the FFCO with a maturity date of 2035. Funding from this financing was utilized for the purchase of land and for building and site improvements in the District. The District refunded the FFCO again in 2020 with a maturity date of 2035. The District was also able to purchase buses with the financing. Payments for Full Faith and Credit Obligations Bonds are made from Capital Projects Fund with General Fund transfers for any amounts not covered by construction excise tax and facility lease revenues. Payments on Qualified Zone Academy Bonds (QZAB) are paid from the General Fund.

(1) ORS 328.245 establishes a parameter of bonded indebtedness for school districts. Aggregates are governed by real market values of all taxable properties within the District bases on the following: (A) For each grade from kindergarten to eighth for which the District operates schools, fifty-five one-hundredths of one of one percent (.0055) of real market value. (B) For each grade from ninth to twelfth for which the District operates schools, seventy-five one-hundredths of one percent (.0075) of real market value. Allowable percent of real market value: (A) Kindergarten through eighth grade, 9*.0055=4.95% (B) Ninth through twelfth grade, 4*.0075=3.00% or 7.95% of real market value. Real market value data can be found on Table of Assessed Value and Actual Value of Taxable Property.

(2) The legal debt margin is the District's available borrowing authority under ORS 328.245 and is calculated by subtracting the net debt applicable to the legal debt limit from the legal debt limit.

(3) Demographic and Economic Statistics can be found on Personal Income and Population and Assessed Value and True Cash Value Pages.

Capital Project Fund - Full Faith and Crediting Refunding Obligations, Series 2020

Provides for the payment of interest on the 2010 FFCRO Series that was recently refunded to Series 2020. Accounts for the activities related to the acquisition, construction, and equipping of facilities. Revenue sources are the excise tax, interest earnings and the capital project fund.

Capital Projects

With the passage of Measure 26-164, for General Obligation Bond Levy May 19, 2015 bond election, the district began work to replace three elementary schools: Fairview, Wilkes and Troutdale. These schools were all built between 1913 and 1926. Reynolds High School added new classrooms. The bond also allowed for upgrading security at several school vestibules. The fund manages the capital expenditures for specifically authorized projects funded by the 2015 General Obligation Bonds.

School Improvement Projects - QZAB

The Qualified Zone Academy Bond is a tax credit bond program whereby bond investors take a tax credit in lieu of interest payments for qualified bonds under the IRS Tax Code. Projects accounted for under the QZAB Bond total \$4,000,000 and include roof resurfacing, exterior block sealing, HVAC system replacement, and major abatement work.

REYNOLDS SCHOOL DISTRICT STATE SCHOOL FUNDING FORMULA

State School Fund Grants and Property Tax Revenues

(Funding Per Student)

State School Fund and Property taxes are primary sources of Reynolds School District’s Operating Fund, General Fund. The Legislature determines how much money is available from both State sources such as income taxes, and local sources, primarily property taxes.

State School Fund (SSF)

State School Fund is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average

daily membership, resident (ADMr) and average daily membership, weighted (ADMw). The ADMr number represents the average number of students enrolled in at Reynolds School District on a daily basis. The ADMw is an adjusted number to compensate for the high costs of educating certain groups of students, such as English as Second Language, special education, pregnant or parenting, income at or below poverty and students in foster care.

REYNOLDS SCHOOL DISTRICT STATE SCHOOL FUNDING FORMULA

Property Taxes

Property taxes from each school district's permanent rate are deducted from the General Purpose Grant to determine the amount the

school district will receive from the State School Fund Grant.

Property owners are taxed on the combined rates of education and debt service to repay bonds exempt from Measure 5. The Permanent Property Tax Rate for Reynolds School District is \$4.4626 per \$1,000 per assessed value.

In 1990, when Measure 5 passed, which limits the amount of property taxes education districts could collect to \$5 per \$1,000 of real market value. At the same time, Measure 5 requires the

State to replace property tax revenue lost due to the measure's limitations. In 1997, Measure 50 separated assessed value from real market value. Assessed values are limited to 3% increases a year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. Once the assessed value "catches up" to market value, it can only go up if the market value goes up.

REYNOLDS SCHOOL DISTRICT STATE SCHOOL FUNDING FORMULA

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase

their permanent rate authority. Rates for debt services are set based on each year's requirements.

The taxes levied amounts are based upon the tax collection year July 1 to June 30.

**REYNOLDS SCHOOL DISTRICT
MULTNOMAH EDUCATION SERVICE DISTRICT (MESD)
2022-23 SERVICE PLAN**

Multnomah Education Service District is an educational cooperative that provides a wide variety of programs and services on a regional basis to school districts in Multnomah County and beyond. MESD is one of 19 ESD's in Oregon. Their major areas of service include:

- School Health Services
- Special Education
- Alternative Education
- Technology
- Outdoor School
- School Improvement

MESD is governed by a seven-member Board of Directors who serve four-year terms. Five members are elected from zones and two are elected at-large positions. Directors are not compensated for their services.

By Oregon Statute, MESD's primary customers are the eight public school districts in Multnomah County. The MESD assists the Oregon Department of Education by administering state-level services and minimum education standards. The district also provides specialized education services and facilities on a cooperative basis to its component school districts. Many of the specialized services are those with limited demand that can be provided more efficiently and cost effectively on a regional basis. Costs for support services for MESD are more than twice the cost of instruction due to the special needs of students. This is a reversal of the instruction to support ratio of K-12 districts.

Local district programs and services are provided by two means. A component district may request all, or a portion of, their allocation support in direct funding. The other method is through Resolution Services. Resolution Services are those that, through a resolution, are authorized by at least two-thirds, or six of the eight, of the school boards representing the majority of total county students. A list of services is provided, and component districts choose from the menu of services on an annual basis. Adjustments to the service plan are made throughout the year based on student need.

The following is Reynolds School District #7's Draft Service Plan Selections for 2022-23 fiscal year.

REYNOLDS SCHOOL DISTRICT
STUDENT ENROLLMENT HISTORY AND PROJECTIONS
***AS OF OCTOBER 1**

Enrollment Projection Methodology:

The District develops annual enrollment projections for grades 1-12 using three types of information: cohort history, current and projected housing development, and overall economic picture. Cohort history is a commonly used demographic technique that looks at the number of students in a given grade or series of grades (called a "cohort"), and determines how many of those students will move up to the next grade or school level. Cohort history in a given area is affected by in-and out-migration of families in response to economic climate, the type of housing available (i.e., single family units vs. multiple family units), and general mobility of the population. Because there are no previous years' "cohorts" to compare classes with, kindergarten projections are generated using RSD "capture" rates of eligible births in Multnomah County as well as site based projections and estimates gained from existing families being served.

Measure 5, which introduced property tax rate limits, was passed in 1990 and became effective starting in the 1991-92 tax year. When fully implemented in 1995-96, Measure 5 cut property tax rates an average of 51 percent from their 1990-91 levels. Measure 50 was passed in 1997 and cut property taxes, introduced assessed value growth limits, and replaced most tax levies with permanent tax rates. Permanent tax rate equals the maximum rate without voter approval. When Measure 50 was implemented in 1997-98 it cut effective tax rates an average of 11 percent from their 1996-97 levels.

Measure 5 (M5 limits)

- * \$5 per \$1,000 real market value (RMV) for schools
- * \$10 per \$1,000 RMV for general government taxes
- * Applied only to operating taxes, not bonds
- * For each property, school taxes and general government taxes compared to their limits respectively

Measure 50 (M50 limits)

- * Assessed value (AV) for 1997-98 was set (at 90% of 1995-96 AV for each property) and permanent rates were established for taxing districts
- * Annual growth of AV limited to 3% for existing property
- * For new property, AV = (RMV) times (AV / RMV of similar property)

Over all Enrollment has declined significantly due to the pandemic and the entire State and Nation has seen the decline. Reynolds schools projected the 2022-2023 enrollment very conservatively. There is an expectation that enrollment will increase back to pre pandemic levels. Additional enrollment declines have also been noted and families have reported raised rent rates as a reason for relocation out of the District.

Despite high levels of residential development within the District, flexible student transfer regulations established by the State have made it very difficult to predict increased enrollment based on additional residential housing units. The decline began to slow during 2019-20 and projections for the upcoming years remain flat after a small increase.

DEBT SUMMARY
2022-23**

Reynolds School District Debt Service Overview

Reynolds School District debt service payments are funded by voter approved taxes imposed on local property, payments made directly from the District's General Fund, Construction Excise Tax revenues, and through a deduction in the monthly State School Fund payment from the State of Oregon.

The bulk of the District's debt service consists of General Obligation (GO) bonds paid with revenues generated through voter approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2015 Capital Bond program funded security improvements at all District sites, three replacement elementary schools and an addition and remodel to the comprehensive high school. The second largest portion of the District's debt service consists of the District's Unfunded Actuarial Liability (UAL) Bonds. In 2003 the District participated in a state sponsored funding of the District's UAL under Oregon's Public Employee Retirement System (PERS). Funding to meet the 2003 UAL Bonds debt service requirements is deducted from the State School Fund payments made to the District. The net impact of the bonded debt is a reduction in the funding available in all funds as the debt is paid through a payroll calculation, or a cost to payroll. However, the District would have to pay a higher PERS rate on its payroll expenses in lieu of participating in the UAL Bonds.

The District also has debt service for Full Faith and Credit Obligations (FFCO). In 2010, the District refunded the FFCO with a maturity date of 2035. Funding from this financing was utilized for the purchase of land and for building and site improvements in the District. The District refunded the FFCO again in 2020 with a maturity date of 2035. The District was also able to purchase buses with the financing.

INTRODUCTION

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. This year's profiles do not include statewide assessments data, class size data, or attendance data as a result of the necessary statewide school closures and the implementation of Distance Learning for All. The profiles present all available data not impacted by the state's response to COVID-19.

Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

District Goals

Our district strives to promote equity and to provide a quality education for each student that we serve. By focusing on equity and student achievement, our district aims to reduce the opportunity gap between student groups and ensure that all of our students graduate. To reach this goal we are committed to providing student centered, culturally relevant instruction and to maintain high expectations for all students. Our vision: Each and every child prepared for a world yet to be imagined.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

A. Budget Process

B. Budget Overview

VIII. 8:00p - Questions from the Budget Committee

- Identified enrollment decline - we have stabilized enrollment for 202-21 and 21-22 but are predicting declining enrollment by 1300 for 22-23. Why is the decline so dramatic? Why is enrollment going down and what is the impact?
 - At the time of projecting enrollment in the fall, we were down about 900 students. We wanted to be conservative for next year and prepare for the worst. We did see some students return in the winter.
- We will have a larger ending-fund balance this year, correct?
 - Correct. We started with \$11m as the beginning fund balance. Grew to \$24m. Expected to end with \$34m, which will be our projected beginning fund balance for 22-23.
- How many additional staff do we have that will be going into the schools and how many new positions do we have for administrators and coordinators for each project proposal?
- Page 142: Down 5.5 ELL staff from general fund. Were those staff members picked up in other funds?
- What is the average class size for middle school and high school?
 - Class size tends to focus more on elementary schools but we will look at secondary class size. There are no plans to do any reductions in staff for secondary schools. Staying status quo
- Current year taxes identified \$41m in tax revenue but the details identified \$29m.
 - The \$29m is just for revenue and then the \$41m includes the debt services.
- Does the budget include funds that we could receive from Intensive Coaching?
 - Those funds are not included yet as we haven't received an amount or confirmation.
- The term "working budget" is used for the current fiscal year. When compared to the proposed budget from last year, it's different. This is due to amendments that were made to the budget and approved by the Board.
- Parent Engagement Budget: Is the budget specifically for staffing or the full cost for the program?
 - Just for the staffing at the moment, for a Parent-Engagement Coordinator. Once costs for the program are identified, costs will be added. The additions would be brought before the school board for approval throughout the year.
- K-8 sports will be new. Is that a conservative figure?
 - We relied on the Academics team and the research they conducted for the cost of the program. We have some extra funding embedded in the amount in case it goes over the projected cost.

- Page 101-116 identify each school and provide a rating with student outcome data. Can we get an explanation of what those graphics mean?
- Intensive Coaching / SIA / Targeted Schools - how big or little that might be and how it will be brought it
- Number of new positions this year
- Status of ELL positions on page 142
- Class size for middle school and high school

IV. Public Comment

V. Questions and Answers

- Question about written comment regarding recess staff - why are recess staff only hired for 2 hours a day instead of hiring full-day EAs who help in the classroom outside of recess time?
- Future forecasting - page 184 PERS unfunded liability. Huge spike in 2024. What are the conversations we are having now to plan for that?
 - We are participating in the 2023 Bond for PERS which will help us mitigate the debt.
- Ending Fund Balance - do we have an estimate on the potential strategies/costs that the balance could be spent toward?
 - If we are fully staffed next year and pay the COLAs we agreed to, we will be at a 5% ending-fund balance by 2024.
