

REYNOLDS EQUITY CONFERENCE

TAKING ACTION TOGETHER

Keynote Speakers

Featured Speaker: Nanci Luna Jimenez

Often with fewer resources and greater needs, as we seek to increase access to quality and culturally-relevant education for all young people, we might be tempted to look for tips and techniques. During this plenary keynote, Nanci Luna Jiménez will elevate our conversation around equity, justice and healing. She will ask us to look inward and grapple with internal barriers and biases. She will also invite us to look outward, to name and understand systemic oppressions and their impacts—on us and the young people in our classrooms. Join us as we build and reestablish “Just Relationships” as the basis for renewing our commitment to increase equity in education!
