Executive Summary

SUPERINTENDENT'S BUDGET MESSAGE

Dear RSD Community,

The 2025-26 school year has brought challenges and successes to the Reynolds School District. I want to thank all staff for their dedication to serving the students and families of Reynolds. As we look to the next school year, we continue to be faced with enormous challenges driven by a decade of decreasing enrollment, increasing costs, and an uncertain revenue outlook.

The statewide landscape that has shaped this budget includes falling state school funding due to a drop in enrollment, the cost of labor agreements, and the impacts of inflation. Unfortunately, state revenue for education was not increased during the February legislative session and is not sufficient for Reynolds to continue operating at the current program and staffing levels. In total, we are facing a reduction of approximately \$20 million, or approximately 12% of the general fund, over the current service level.

Over the past decade our enrollment has dropped by approximately 2300 students, or 21%. This is part of a regional and statewide trend. While this year's enrollment is slightly below projections, the ten-year trend is undeniable. Lower birth rates, the impacts of ICE activity, and unaffordable housing are significant factors. Enrollment is the main factor in the state revenue formula for funding schools, and when enrollment drops so does funding.

In planning the 2026-27 budget, we once again reduced central office and department budgets and staff and were required to make additional reductions including position reductions across all labor groups.

For the current school year, we had six furlough days and additional wage and benefit concessions from our labor groups in order to save the district approximately \$5 million. I once again want to thank our staff for agreeing to furlough days which prevented approximately 50-70 more positions from being cut mid year. This budget assumes a full school year for 2026-27.

Last year at this time, I mentioned [the report](#) prepared by the American Institute of Research (AIR) at the request of the Oregon Legislature on Oregon's school funding model. The report states that for districts such as Reynolds, the current model of state funding is inadequate to attain the achievement goals set by the state. The AIR report calculated that an additional \$8,000 per student per year is required for the most highly impacted districts to reach the state goals. For perspective, in RSD that would amount to an additional \$72 million per year, or almost an 80% increase in funding. Clearly what we receive from the state is insufficient to provide for all that our students need. Since then, there has been additional information on how the state's calculation of student poverty shortchanges its most needy districts by millions annually, further validating the findings of the AIR report.

SUPERINTENDENT'S BUDGET MESSAGE

The 2026-27 budget is built on the following financial assumptions:

- Projected September 2026 enrollment of 8,290 (non-charter)
- State School Fund of \$11.36 Billion for the 25-27 biennium, with a 49% / 51% split
- Stable federal and state grant funds
- Stable PERS rates for the second year of the biennium
- An ending fund balance of 5%
- Step, benefits, and cost of living increases for classified and administrative employee groups who enter the third year of their negotiated contracts.

It is our intention to align resources to the priorities of the district's Strategic Plan, the Board's budget priorities, and community input as a part of implementing the Student Investment Account (SIA). This will be the fourth budget I've presented and the third to include massive reductions. Our system is already at the breaking point, with all staff managing larger workloads with less support, and yet we will have to continue to reduce our staffing and programs in order to balance the budget. Every school and department will be impacted by the reductions we must make.

At the elementary level, under this budget every school will be impacted by larger class sizes and more blended classrooms, but our class sizes will remain in line with neighboring districts. Three smaller elementary schools will lose the support of an assistant principal. Each elementary school will maintain music, PE, library/media specials, but smaller schools will share music, PE, and reading specialists between two schools. A full time library/media specialist and counselor will continue to be staffed at all elementary schools. Elementary schools will also have one full-day, full-year educational assistant funded through the Early Literacy Grant to support kindergarten literacy instruction and student transitions.

We will continue important programs but at a pared down level. Block schedules at the middle schools will remain, although with significant reductions to staffing levels. The effectiveness of the block schedules at the middle level continues to meet student needs. Reductions at the middle level will increase class sizes, but again are in line with neighboring districts. Unfortunately, at current funding levels, we will be required to pare down our middle school sports program by discontinuing wrestling and cross-country. Each school will still have volleyball, basketball, and track and field teams. We will continue to partner with SUN and PlayEast to provide a robust and low/no cost slate of student activities including opportunities for sports for middle school aged students.

At our high schools, the reductions will be felt in larger class sizes, less electives, and fewer student supports. At RHS, the Senior Inquiry and JROTC programs will be discontinued. Students will continue to have a robust selection of college credit earning classes through the AP and dual-credit programs, as well as 11 CTE programs including a new program training students for careers in dental assisting. Additional reductions include reduced attendance, counseling, and office clerical supports, and reduced seats for middle college, the Center for Advanced Learning, and for alternative private high school placements. RLA will also have larger class sizes and fewer options.

SUPERINTENDENT'S BUDGET MESSAGE

Over the past three years, we have largely been able to avoid significant reductions in special education staffing. Unfortunately that is no longer an option. Due to underfunding from the state to serve students with disabilities, we continue to tap into the General Fund to fill the gap. Reductions in special education staff will increase caseloads and workloads, but will remain comparable with neighboring districts. Staffing reductions will increase caseloads for speech/language pathologists, school psychologists, and resource teachers. Additionally Teacher on Special Assignment positions will be reduced.

English language development (ELD) programs will not be reduced. This year, ELD instruction at the elementary level underwent a shift in service delivery necessitated by previous staffing reductions as well as to improve instructional efficacy. The shift in the elementary delivery model to an integrated language block is underway at all schools and initial indications are that while there are always challenges in implementing something new we are seeing improvement in student outcomes.

In this budget, there is an additional \$3.5 million in reductions in central office and support services. The reductions include administrative, licensed, and classified positions and contracted services in Custodial, Facilities, Transportation, Curriculum and Instruction, Human Resources, Operations, Language Services, Finance, and Information Technology.

We will continue to partner with Multnomah County for additional support for students and families through investments in the SUN Community Schools program and our School Resource Officers. Multnomah County also provides us services at no additional cost to staff the Student Health Center at Reynolds High School, as well as school based mental health providers at multiple schools.

This is challenging news for all of us, and I continue to be heartbroken by the lack of funding for our schools. However, it is our responsibility to present a balanced budget that lives within our means as a district.

The proposed budget leverages state and federal grants to support our students primarily through funding staff positions. In total this budget will support 263 positions (225.22 FTE) from grant funds. While the large majority of these grant funds are considered stable, 16.5 FTE are funded through limited duration grants and will require future budgetary choices when the funding runs out. Additionally the actions of the Federal government continue to give us cause for concern about the future of Federal funding streams. We will continue to monitor Federal actions on education closely.

I will continue to advocate for a state school budget that better meets the needs of Reynolds. Our advocacy is focused on three core areas in the state budget that would have a significant impact:

- Increase or remove the special education cap from the current 11%. Students with disabilities make up 18% of Reynolds enrollment, and the state funding formula only provides reimbursement for 11%. This equates to upwards of \$6 million dollars of underfunded costs for Reynolds, and less so every year that overall enrollment decreases.

SUPERINTENDENT'S BUDGET MESSAGE

- Increase the reimbursement for high-cost disability expenses. Our high-cost disability costs are annually over \$5 million, and last year we were reimbursed at approximately 21%. This also equates to millions of dollars of underfunded costs for RSD.
- Reform how ODE allocates funding for students experiencing poverty. ODE's current funding model drastically undercounts how many students in RSD are navigating poverty, resulting in additional underfunding of approximately \$7 million dollars annually.

In closing, I want to thank the School Board, educators, support staff, administrators, and the Reynolds community for their dedication to students. I want to recognize the hard work of our Finance and HR teams in preparing the proposed 2026-27 budget. We'll continue to move forward and meet the challenges of educating our children in these uncertain times. We'll continue to advocate at the state level for not only our students but all Oregon students. We'll continue to look for ways to innovate and improve. And we'll continue to partner with our community to ensure that all students succeed.

Thank you for your consideration of the 2026-27 Proposed Budget.

Frank Caropelo
Superintendent

Budget Summary

The Reynolds School District budget for fiscal year 2026-27 represents the financial plan for meeting the goals set by the School Board on behalf of our staff, students, and community. The budget totals \$251,890,544.

Budget Development

The District’s 2026-27 budget is based on assumptions for revenue and other resources from federal, state, and local funds. Oregon’s State School Fund provides the most revenue to the district and primarily results from a state formula based on student enrollment and estimated transportation expenditures, as well as local resources such as property tax receipts. These resources are budgeted within the District’s general fund. This is the second year of the biennium for which the Oregon legislature approved \$11.36 billion at 49/51% funding statewide.

The budget structure and presentation follows the Oregon Department of Education Chart of Accounts:

- The District’s account codes align with the state’s required chart of accounts with respect to expenditure functions, objects, and areas.
- The District is able to account for all direct and indirect costs by subject, grade level, organization, and by school or location.
- Financial information resulting from this expense structure is reported to the Oregon Department of Education annually.

General Fund Expenditures & Requirements

The District’s 2026-27 budget is also based on several expenditure assumptions, strongly reflecting the cost of labor as the largest expense of the District.

To reduce the operating deficit, the budget framework includes a reduction of staffing in all labor groups, as well as department and building budgets. Staffing costs include annual adjustments outlined in labor agreements with Reynolds Educational Association (REA) for Licensed staff, Oregon School Employee Association (OSEA) for Classified staff, and Reynolds Administrative Association (RAA) for Administrators, Supervisors, and Specialist

positions. Note that both OSEA and RAA are in the last of a three-year agreement while REA's collective bargaining agreement is in negotiation for the 2026-27 fiscal year.

Staffing Full Time Equivalent (FTE)

A full time equivalent (FTE) for school district purposes is defined as an employee who works eight hours per day or 40 hours per week. Employee contract days range from 180 days to 260 days in a year. The 2026-27 budget includes full-time equivalents (FTE) within the General Fund and Grant Funds, totaling 1,067.48 FTE.

Debt Services Overview

District debt service payments are funded by voter approved taxes imposed on local property, payments made directly from the District's General Fund, receipts from Construction Excise Taxes, and through a deduction in the monthly State School Fund payment from the State of Oregon.

The bulk of the District's debt service consists of General Obligation (GO) bond revenues generated through voter approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2015 Capital Bond program funded security improvements at all District sites, three replacement elementary schools and an addition and remodel to the comprehensive high school. A portion of the 2015 GO bonds were refunded in 2022, and again in 2025.

The second largest portion of the District's debt service consists of the District's Unfunded Actuarial Liability (UAL) "PERS" Bonds. In 2003, the District participated in a state sponsored funding of the District's UAL under Oregon's Public Employee Retirement System (PERS). Interest earned from the bonds reduces the UAL balance and the repayment is made as a deduction from the State School Fund payments made to the District. Without the bond, the district's PERS rate would increase and be incurred as a payroll expense. Therefore, the net impact of the bonded debt is a reduction in the funding available in all funds with FTE, as the bonded debt is expensed as a percent of payroll as a way to equitably distribute across sources and functions.

Full Faith and Credit Obligations (FFCO) issued in 2010 and refined in 2020 with a maturity date of 2035 funded building and site improvements and bus purchases. General Fund transfers offset debt payments through the Capital Projects Fund.

Fund 200

Special Revenue Fund

Accounts for revenue sources restricted to expenditures for specified purposes. Predominantly supported through federal and state formula and competitive grants. Special revenue funds also account for student activity funds, nutrition services programs, the early retirement program, and the insurance reserve fund.

District Goals

Reynolds School District leads with equity to educate and support all students to graduate with the skills and confidence to thrive. We seek to accomplish our mission through goal areas of supporting marginalized students, providing culturally responsive teaching, promoting the wellness of staff and students, and providing ongoing professional development for all staff. Our vision is to prepare lifelong learners to achieve their full potential in a complex and interconnected world.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

DB: DISTRICT BUDGET

The district budget will serve as the financial plan of operation for the district and will include estimates of expenditures for a given period and purpose and the proposed means of financing the estimated expenditures. The district may provide that the budget and budget documents be prepared on an annual or biennial basis.

The district budget will be prepared in full compliance with Local Budget Law, and in accordance with federal and state laws. The superintendent will be designated as budget officer and will prepare the budget Document.

Legal Reference(s): ORS 294.305 – 294.565; ORS 328.542 – 328.565

DBC: BUDGET CALENDAR

The board will adopt a budget calendar which identifies dates and deadlines required for the legal presentation and adoption of the budget. The budget calendar will be prepared on an annual or biennial basis, as appropriate. The calendar will identify dates and activities to include those needed to comply with state law.

The superintendent will prepare and recommend a proposed calendar for board approval.

Legal Reference(s): ORS 294.305 – 294.565; ORS 328.542 – 328.565

DBD: BUDGET PRIORITIES

The Board will review and set budget priorities. As the budget is prepared, staff will use a prioritizing system consistent with program needs as identified by staff and the Board. Priorities should be established to be used as a basis for budget additions or reductions.

The budget committee will review suggested priorities and will either accept, modify or reject the priorities.

Legal Reference(s):
ORS 294.305 – 294.565

DBDA: GENERAL OPERATING CONTINGENCIES

The general operating contingency will be established at an amount deemed sufficient by the board to responsibly enable the district to meet

unforeseen financial needs due to emergencies and changing district needs. The amount will be established by the board during the budget development process.

A transfer from the general operating contingency may be recommended by the superintendent for board approval. The need, purpose and amount of the transfer shall be duly recorded.

Legal Reference(s): ORS 294.305 – 294.565; OAR 150-294.352(8)

DBDB: FUND BALANCE

The Board recognizes its responsibility to establish an unreserved fund balance in an amount sufficient to:

- Protect the district from unnecessary borrowing in order to meet cash-flow needs;
- Provide prudent reserves to meet unexpected emergencies and protect against catastrophic events;
- Meet the uncertainties of state and federal funding; and
- Help ensure a district credit rating that would qualify the district for lower interest costs and greater marketability of bonds that may be necessary in the construction and renovation of school facilities.

Consequently, the Board directs the superintendent to manage the currently adopted district budget in such a way to ensure an ending fund cash balance of at least 5 percent of total adopted revenues.

In determining an appropriate unassigned fund balance, the Board will consider a variety of factors with potential impact on the district's budget including the predictability and volatility of its expenditures, the availability of resources in other funds as well as the potential drain upon general fund resources from other funds; liquidity; and designations. Such factors will be reviewed annually.

Legal Reference(s): ORS 294.311(18); ORS 294.371; ORS 332.107

DBE: BUDGET PREPARATION

The superintendent has the overall responsibility for budget preparation and will develop such

procedures necessary to ensure that the proposed budget reflects all areas of district operation.

The superintendent and administrative staff will establish budget priorities for the district and will make appropriate recommendations related to those priorities to the board and budget committee.

The superintendent or designee will deliver the completed budget document and budget message to the budget committee when they are ready for presentation.

Legal Reference(s): ORS 294.305 – 294.565; ORS 328.542 – 328.565

DBEA: BUDGET COMMITTEE

Organization, Membership and Terms of Office

The district budget committee will consist of the seven members of the Board and seven electors appointed by the Board as required by law. The term of the appointed members of a budget committee in a district that prepares an annual budget, will each be three years, with appointments made so that, as nearly as practicable, the terms of one-third of the members end each year. At least one member of the budget committee must be a member of the district's educational equity advisory committee. The Board will establish appropriate timelines and procedures for the appointment of budget committee members.

A majority of the constituted committee is required for passing an action item. Majority for a 14 member budget committee is 8. Therefore, if only 8 members are present, a unanimous vote is needed for passing an action item.

Presiding Officer and Orientation of Budget Committee

1. Organization: The budget committee will hold its first regular organizational meeting on a day set by the Board. A presiding officer shall be elected from among its members at this meeting. Such meeting may be prior to or on the date the budget message and document are presented.
2. Background Information: Budget committee members will be provided with data for the ensuing year(s), such as the Board's educational plan, and other pertinent material bearing on the preparation of the

district budget.

Meetings of the Budget Committee

The district's budget committee shall hold one or more meetings to receive the budget message, review the budget document, and provide members of the public with an opportunity to ask questions about and comment on the budget document. The budget officer shall announce the time and place for all meetings, as provided by law. All meetings of the budget committee are open to the public.

Function of the Budget Committee

It is the function of the budget committee to approve budget estimates for an educational plan previously determined by the Board. No new program should be considered for the budget estimate that has not previously been submitted to the Board and approved as a part of the educational plan. The budget committee will determine levels of spending, but will not determine programs.

Final Action

The budget committee will approve an estimated district budget document for submission to the Board.

Legal Reference(s); ORS 174.130; ORS 192.610 – 192.710; ORS 294.305 – 294.565

DBK: BUDGET TRANSFER AUTHORITY

The adopted budget is a financial plan which may be subject to change as a result of circumstances or events occurring during the ensuing budget period. All appropriation transfers shall be authorized when completed by official resolution of the board. The authorizing resolution must state the need for the transfer; its purpose; and the amount of the transfer.

Transfers of general operating contingency appropriations which in aggregate during a fiscal year or budget period exceed 15 percent of the total appropriations of the fund may be made only after the adoption of a supplemental budget prepared for that purpose.

The superintendent has the authority to approve transfers between programs (i.e., elementary, middle school, high school) and object codes (i.e. 100- salaries, 200- benefits, 300- Purchased

Services, 400- supplies, etc.) within the same level of appropriation.

Legal Reference(s): ORS 294.450

DE/DEB/DEC: REVENUES FROM PRIVATE, STATE AND FEDERAL SOURCES

The board may authorize, accept and use private, state or federal funds available to the district to carry out district educational programs. The district will comply with all regulations and procedures required for receiving and using such funds.

Legal Reference(s): ORS 294.305 – 294.565; ORS 332.107

DI: FISCAL ACCOUNTING AND REPORTING

Accounting procedures shall show a detailed and meaningful analysis of both receipts and expenditures. This analysis should be adequate for study and evaluation by the board and school management, and will serve as a basis to make financial and related educational decisions, to formulate future plans, to safeguard public funds and to ensure adequate financial accountability.

Payment on all district accounts, including the general fund and special accounts, shall operate according to established accounting procedures.

All cash received is to be properly receipted. Money received shall be placed in deposit.

The superintendent or designee shall be the lawful custodial officer of all district funds and shall demand receipt for, and safely keep according to law, all bonds, mortgages, notes, moneys, effects, books, and papers belonging to the district. Funds may be commingled in the depository so long as they are budgeted and accounted for separately.

From time-to-time, funds may become available to the district prior to the time they are needed to offset current expenditures. The custodial officer shall forward all such receipts to the Local Government Investment Pool or other investment instrument as authorized by the district's investment policies. Funds that are not currently needed for the operation of the district will be invested with the interest from these funds being credited to the same account as that to which the invested funds revert.

Legal Reference(s): ORS 294.305 – 294.565; ORS 338.115(2); OAR 581-023-0035

DIC: FINANCIAL REPORTS AND STATEMENTS

The board will receive a monthly financial report that include estimates of expenditures for the general fund in comparison to budget appropriations, actual receipts in comparison to budget estimates and the district's overall cash condition. Supplementary reports on other funds or accounts will be furnished upon request of the board or superintendent.

The board may receive a pre-audit report from the district's auditor recapping the year-end closure of financial statements prior to the annual audit.

Appropriate staff will be available at any board meeting, upon the board's request, to respond to questions and to present current financial information. The superintendent will notify the board at any time of substantial deviations in the anticipated revenues and/or expenditures.

Legal Reference(s): ORS 294.115; ORS 294.311; ORS Chapter 297; ORS 328.465; ORS 332.105; OAR 162-010-0000 to -0330; OAR 162-040.0000 to -0610; OAR 581-023-0037

DID: PROPERTY INVENTORIES

The district will maintain an inventory of all fixed assets in accordance with governmental accounting standards. The district's inventory will be updated annually to include property newly purchased and disposed.

Fixed assets include all district-owned property such as land, buildings, improvements to property other than buildings (i.e., parking lots, athletic fields, playgrounds, etc.) and equipment with a value greater than \$5,000 as defined by the Program Budget and Accounting Manual, published by the Oregon Department of Education.

Current records shall be maintained for the receipt, distribution/disposal and inventory of commodity foods as required by federal law.

The board may authorize the employment of an appraisal company to assist with the inventory procedure.

Legal Reference(s): ORS 332.155

DIE: AUDITS

An audit of all district accounts will be made annually by an accountant selected by the Board from the roster of authorized municipal accountants maintained by the Oregon Board of Accountancy. The audit examination will be conducted in accordance with minimum auditing standards established by the Secretary of State.

Every five years the Board will review the contract with the audit firm and, if necessary, solicit request for proposals from authorized municipal accountants.

A copy of the audit report will be presented to the Board. The superintendent will submit a copy of the audit report to the Oregon Department of Education and to the Oregon Secretary of State, Audit Division.
