Dear Parents and Community Members,

The enclosures contain the newly redesigned Oregon Department of Education's Report Card. The comprehensive redesign includes the following features:

- *School Profile* is meant to provide an overview of the school's most significant characteristics—those aspects that are likely to impact student test scores or other academic outcomes.
- *Overall State Rating* provides a summary measure of student performance.
- *Academic Progress* describes the extent to which students are making progress on standards-based tests.
- *Outcomes* reports key measures of success for all students and student subgroups.
- *Curriculum and Learning Environment* characterizes the school's programs, resources, and additional associated indicators of success.

We are dedicated to increasing student growth and achievement through specific strategies that will help to improve instruction and to empower students to be successful. We will continue to refine our collaboration practices and data analysis systems to ensure that each and every student need is addressed through high quality, evidence based instruction.

Sincerely,

Larry Conley

Principal

Dear Parents and Community Members,

For the 2012-13 school year, Hartley Elementary received an overall achievement rating of Level 2 – an average of our Level 3 rating in Reading and a Level 1 rating in Math. OVERALL STATE RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall state rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please be aware that this rating is based mainly on high-stakes testing and accordingly, represents a limited view of student performance. Other aspects of this report card are designed to put this rating in the proper context.

Compared to all schools statewide in 2012-13, this school is rated as Level 2.

- Level 1** = Falls into the bottom 5% of schools
- Level 2** = Falls between 5% and 15% of schools
- Level 3** = Falls between 15% and 44% of schools
- Level 4** = Falls between 44% and 90% of schools
- Level 5** = Falls into the top 10% of schools

Compared to elementary schools with similar student demographics in 2012-13, this school's rating is below average.

- Below average** = Falls into the bottom third of comparison schools
- About average** = Falls into the middle third of comparison schools
- Above average** = Falls into the top third of comparison schools
