

RAINBOW HORNETS

15 NOV 2021

Dear Hartley Hornets Families,

Our Chromebooks and iPads are ready to be checked out. Students will begin bringing devices to and from home and school as needed and for practicing the routine. This will help our community be prepared to adjust to online learning if an entire classroom, grade level, or our school were to quarantine. We are hopeful this will not be something we face, but we do want to be prepared to minimize impact on student learning and engagement just in case. Students will be sent home with a device (K-1 iPad, 2-5 Chromebook) and a charger.

Having access to a school device is important for each student. It also comes with responsibility. We have talked with students this week about the importance of caring for devices. We ask that you continue to support these messages and that you review the information below and attached.

A few important reminders:

- Students should carry devices to and from school each day.
- **Devices should be sent to school fully charged each day**
- No food or drink near devices
- Call the school right away at #503-665-0134 if a device is lost, stolen, or damaged in any way. We are here to help.
- Review student pledge attached and click link below to acknowledge you have reviewed and agree (please complete one form per child) <https://forms.office.com/r/t1fdmgLD32>

OR

Additional information on programs will be sent home by teachers as needed.

Thank you! We are here to partner with you and your child for a continued successful school year.

Jeff G Pond, P hD
