

FROM THE PRINCIPAL

Dear Parents and Community Members,

Margaret Scott Elementary School's mission is to provide a rigorous and relevant education for all students through nurturing relationships and assessments used to guide instruction ensuring success for all.

For the 2014-15 year, Margaret Scott's results show that our students continue to struggle in reading and math. As a result, the staff applied for - and was awarded - a five-year state School Improvement Grant to increase student achievement.

Our work over the next five years will include supporting a positive school culture and high levels of academic engagement from students. We want to forge strong relationships with

families and our larger school community. Our staff is committed to this work, our students and our families.

It is very important for students to be at school every day in order to learn. Please help us improve our attendance rate to 95% or better. If you need support to help your child attend school every day, please let us know!

We are excited to begin this journey and invite you to partner with us. Together, we can ensure success for all of our students!

Thank you,

Principal | Debbie Nicolai

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.

FEDERAL TITLE I DESIGNATION

Priority Focus Model

Focus Schools are high poverty schools that were ranked in the bottom 5% -15% of Title I-A schools in the state with a significant achievement gap based on Oregon's rating formula. These schools need additional support in closing the achievement gap among historically underserved student populations.

Priority and Focus school designations were based on 2011-12 data. Model school designations were based on 2013-14 data.
