

# Reynolds School District Local School Wellness Policy Triennial Assessment Report

During School Year 2021-2022, Reynolds School District conducted a triennial assessment of the local school wellness policy.

The assessment included the following:

Evaluation of the LSWP and how it compares to model policies

The extent to which school(s) in our district are in compliance with the LSWP; and

Evaluation of the progress towards goals listed in the policy

**Below is a summary of the results of the assessment.**

We are meeting the policy in many areas. The committee has gone over the assessment and will recommend policy updates to strengthen the current policy

We met these goals

Understanding of the policy during the day for:

- student stores
- vending machines
- Fundraisers
- Food that can be served to students during the school day
- The definition of the school day

We are still working on these goals

The Wellness Committee is working on comparing several district, the OSBA update and our current policy. The committee will make recommendations to improve overall scores based on language, better define what the school day covers and work to educate areas of confusion with the policy.

Model Policy Comparison

Buildings are doing well in all areas there is still confusion about the regulations. These items are listed under what we are still working on. Items were reviewed with the SmartSnacks calculators and results were reported back to the buildings.

Overall school compliance
