Field Trips and Special Events**

The board recognizes the educational value of field trips and co-curricular activities involving transportation. The board is also accountable for expenditures and the effective and legal use of district vehicles. Therefore, all trips and costs must be approved within the following policy:

- 1. Principals, by delegation from the superintendent, may authorize the use of district vehicles for educational field trips and state sanctioned co-curricular activities for which funds have been budgeted.
 - Principals may also authorize the use of district vehicles for other school-related activities. Expenses for such activities shall be paid by the participants or student organizations;
- 2. Overnight trips shall have the approval of the board through the superintendent. Parents shall be provided an itinerary and give permission for student participation prior to the trip. Expenses for unbudgeted trips must be paid by the participants or student organizations;
- Trips over an extended number of days require approval from the principal and the superintendent. 3. Expenses are to be paid by the participants or student organizations. Use of district vehicles must be approved by the superintendent.
 - Emergency procedure plans and itineraries must be filed with the superintendent and the principal prior to the trip;
- 4. Scheduled departure times shall be maintained. Planned refreshment stops may be made on long trips. Discretion must be exercised in the duration of such stops. Refreshment stops must no unduly delay the return of the bus to the school;
- 5. Chaperons will maintain discipline and are responsible for the safety of students on educational field trips and co-curricular activity trips. However, bus drivers shall have the ultimate authority involving safety and disciplinary decisions relating to travel;
- 6. Students demonstrating unruly behavior may be prohibited from participating in future educational field trips or co-curricular trips. Disciplinary action is the responsibility of the principal or designee;
- 7. Students attending school functions via school transportation will return by the same transportation. The only exception will be if a parent requests, in person, of the supervisor that the student return with the parent;

8. Trips occurring outside the school year require the approval of the principal, the superintendent and the board. Expenses for such trips shall be paid by the participants or student organizations. Use of district vehicles beyond a 25 mile radius, for other than league competitions or other than a one-day basis, may be permitted. Legal and effective use of vehicles will be ascertained by the superintendent.

Emergency procedure plans and itineraries must be filed with the principal and the superintendent;

- 9. A bus field trip request for less than 15 people will not be authorized. If, upon arrival at the pick up site, there are less than 10 students and chaperons to be transported, the field trip will be cancelled;
- 10. Student travel requests over 100 miles out-of-state, one-way or any overnight travel must have prior board approval.
