Reynolds Learning Academy, an alternative high school, is devoted to helping every student we serve to be an intelligent, well informed and pragmatic graduate who is prepared to succeed in whatever endeavor he or she may choose. We strive to understand who our students are as individuals and structure our program to best meet their needs.

State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by accessing bilingual staff for our school office. All communication sent home through mail, phone, or text is translated for easy access. Interpreters are provided for parent conferences and other school meetings where parents are present.
