Students meeting state grade-level expectations.

SCIENCE

Students meeting state grade-level expectations.

School Goals

The mission of Salish Ponds Elementary School is to foster a collaborative community that champions rigorous academics and thoughtful citizenship to inspire each and every student toward a future of endless possibilities. Our goals are to promote high levels of student achievement, to engage our school community through effective communication and collaboration, to remove all possible barriers to success for all students, and finally to gain, and retain community trust by managing our resources responsibly.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school strives to ensure that all students and their families feel welcome, and accessible. To that end, we have bilingual staff members within our school, daily. All communication sent home through the mail, phone, or text is translated.

We are committed to creating and sustaining a positive school culture and climate that promotes inclusion and care for all. We are driven by our strong belief that all students should feel that school is a place that is safe physically, emotionally and intellectually.

Outcomes

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To insure our students are, and feel safe at school, we regularly practice safety response protocols, so our students know what to do in emergencies such as fires, disasters, or unsafe intruders on campus.

Our students are provided daily skills building and positive social skills. Each classroom regularly engages in restorative circles where community building activities are promoted. Students are taught the importance of kindness, and how to report and respond to unkind behaviors they may experience or witness.

EXTRACURRICULAR ACTIVITIES

Our school offers several academic and enrichment focused activities for all students:

Early Kindergarten Transition Program through MFS

- SUN After School Academy
- Chess For Success
- Oregon Battle Of The Books
- Soccer through SUN

PARENT ENGAGEMENT

We are highly committed to providing our families a welcoming and engaging school community. Our goal is that all of our student's families and caregivers are full participants in our efforts to improve our school. We also provide monthly sponsored events to foster family leadership and we offer classes that are relevant to the needs of our community. We provide and welcome our families to volunteer at the school and at regular events.

COMMUNITY ENGAGEMENT

Through our partnership with Metropolitan Family Services, we work together with many local businesses and organizations, to expand our reach to meeting the needs of our community. We provide access to food, clothing and other needed resources for our community.
