# HOW DO I USE THE SAFEOREGON TIPLINE?

## WHAT SHOULD I REPORT?

**Did you see or hear something that makes you worry a classmate might get hurt (or hurt someone) but you're not sure who to tell? SafeOregon is listening.**

It might be a worry about self-harm/suicidal thoughts, drug use, bullying, sexual harassment, fighting, weapons at school, or even threat of a school attack. Report the information by phone, text, email, mobile app or on the SafeOregon webpage. **NOTE: This tip line is not for emergencies! If you need immediate help, dial 9-1-1.**

## WHO ANSWERS MY CALL?

**A specially trained call taker will receive your tip, 24 hours a day / 7 days a week. Even on weekends, holidays, and school breaks!**

The call takers have years of experience answering these type of calls. The call taker may have follow-up questions to make sure there is enough information to take action. The more information provided, the better. You can even include a photo or video clip if you have one!

## WHERE DOES THE TIP GO?

**The tip will be passed along to the school!**

The call taker sends the information to specially chosen school staff (often the principal and/or school counselors). If the tip is really serious, law enforcement may be called. Don't worry, staff who receive the tip care about protecting your identity.

## WHAT HAPPENS NEXT?

**The school (and/or law enforcement) will determine what to do next with the information.**

Thanks to you, the information is in the hands of those who are trained to respond to these type of situations. Together, we make schools and students safer.
