School Goals

Our foundational belief is that every student has the ability to achieve at high levels. We foster an environment of learning by investing additional support in our K-5 math curriculum, and our newly adopted K-5 reading curriculum, and by sharing best practices through our weekly professional learning communities.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by offering a wide range of differentiated instructional support. Additionally, monthly school wide assemblies acknowledge individual classes and celebrate school wide goals.

We also promote the Playground Peace Patrol, Readers as Leaders mentoring program, and participate in the Safe Routes to School program.
