

FROM THE PRINCIPAL

Dear Parents and Community Members,

Wilkes Elementary School is a learning community committed to regular communication with parents and the community of our school. This report card, produced by the Oregon Department of Education, will help us to meet this goal.

We are committed and focused on the achievement of every student, every day. On pages 1 and 2, you can see how our school compares with other statewide. Since scores and rankings don't always tell the whole story, we hope you will also look at page 3 to learn about the program and experiences available to our students and families. This year we worked very hard on implementing strategies and units of instruction to support our English language learners in all of our classrooms. These units of

study are aligned with common core state standards and integrate English language arts, science, and social studies, benefiting and engaging all students.

You can help us increase achievement and meet our goal of preparing students for a world yet to be imagined by having high expectations for your child, providing a home that is conducive to learning, reading regularly, talking about school, and ensuring they attend school every day ready to learn.

Thank you for your support.

Thank you,

Principal | Candice Henkin

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
