

## FROM THE PRINCIPAL

Dear Parents and Community Members,

Wilkes Elementary School is a learning community committed to regular communication with families and community members. This report card, produced by the Oregon Department of Education, helps us to better support our students and community.

We are committed and focused on the achievement of every student, every day. On pages 1 and 2, you can see how our school compares with others statewide. Since scores and rankings don't always tell the whole story, we hope you will also look at page 3 to learn about the program and experiences available to our students and families. This year we worked very hard on implementing strategies and units of instruction to support our English language learners in all of our classrooms. These units of study are aligned

with common core state standards and integrate English language arts, science, and social studies, benefiting and engaging all students.

You can help us increase achievement and meet our goal of preparing students for a world yet to be imagined by having high expectations for your child, reading regularly, talking about school, communicating often with staff, and ensuring they attend every day.

Thank you for your support.

Thank you,

Principal | Candice Henkin
