

FROM THE PRINCIPAL

Dear Parents and Community Members,

Wilkes Elementary School is a learning community committed to regular communication with families and community members. This report card, produced by the Oregon Department of Education, helps us to better support our students and community.

We are committed and focused on the achievement of every student, every day. On pages 1 and 2, you can see how our school compares with others statewide. Since scores and rankings don't always tell the whole story, we hope you will also look at page 3 to learn about the program and experiences available to our students and families. This year we worked very hard on implementing a new math curriculum. The new curriculum provided our students the opportunity to engage in more high level mathematical

discourse and problem solving. Our young mathematicians are developing the critical thinking skills and habits of the mind that are critical for high school and beyond.

You can help us increase achievement and meet our goal of preparing students for a world yet to be imagined by having high expectations for your child, reading regularly, talking about school, communicating often with staff, and ensuring they attend every day.

Thank you for your support.

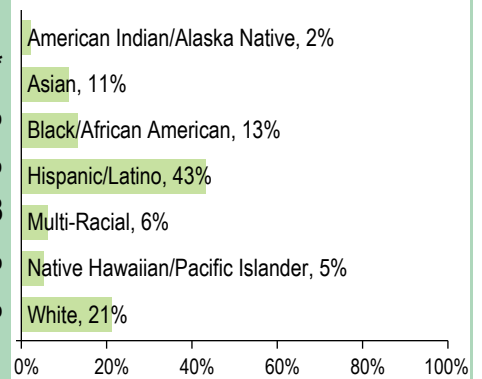

Thank you,

Principal | Sarah Shields

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.
