

## FROM THE PRINCIPAL

Dear Parents and Community Members,

Wilkes is proud of an overall academic growth rating of Level 4 for the 2013-2014 school year. Wilkes' staff has given specific attention to our reading and writing development and services for our children, as well as on going focus on standards-based planning, clear learning targets, and differentiated learning experiences. We credit our growth to these actions, as well as, the great efforts of our students. Their strength, hard work, and positive attitude toward learning have helped them achieve this growth.

Our goal is to become a model school, which will require our system to further increase student growth to ensure academic

achievement benchmarks are met. We have already begun to identify areas of needs and strategies to improve our growth. Our staff is excited and ready to begin implementing more researched based strategies to support our learners. Wilkes is an incredible school, making incredible changes in students' academic lives.

Thank you,

Principal | Candice Henkin
