### School Goals

Wilkes Elementary is a learning community committed to regular communication with families and community members. We are committed and focused on the achievement of every student, every day. We have worked very hard to provide and support our students' opportunity to engage in more high-level mathematical discourse and problem solving.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by accessing bilingual staff for our school office. All communication sent home through mail, phone, or text is translated for easy access. Interpreters are provided for parent conferences and other school meetings where parents are present. We also promote Intercambio, Playground Peace Patrol, Readers as Leaders mentoring program, and participate in the Safe Routes to School program.
