

LANGUAGE: SOCIAL SKILLS

DID YOU KNOW?

(FROM SUPER DUPER PUBLICATIONS)

- Pragmatics refers to how language is used in social situations.
- A few examples of appropriate use of language socially include maintaining proper eye contact with speaker/listener, taking conversational turns, staying on topic, understanding body language, using polite words, i.e. "please", "thank you", and "excuse me".
- Learning and practicing good social skills benefits not only the individual child, but our entire society!
